THINKING *BEYOND* BEHAVIOR

SEPTEMBER 22
6:30pm

Free childcare ages 2+

Do you ever wonder about the “why” behind the hard moments of parenting?

Does it feel like routines, patterns, and the busyness of life get in the way of addressing concerns or finding a better way?

Do tantrums, anxiety, aggression, or intensity show up more often than you would like?

Whether you’re feeling lost and overwhelmed or hoping to add more effective skills to your toolbox, we’ll take a deeper dive beyond the behavior of children and teens (and adults) so we can better understand how to set the stage for less distress and more success.
