

Which Miracle Products to use For Your Disease and Pain?

www.miracle-products.com

Miracle products use the high frequency of the hemp plant to heal many types of diseases and pain. Miracle skin care products all have a high frequency hemp extract that will raise your body's frequency and heal you. Victory Oil, Amazing CBD, Holy Oil and Frequency Tea contain high frequency and are taken orally. The skin care products include Miracle Tincture Spray and Gel, Spruce Frequency Creme, High Frequency Lotion, Bath & Body Oil, Lip Balm and High Frequency Soap.

The following products are recommended to help the diseases, pain, and problems listed:

CANCER: Miracle Products have healed cases of cancer including one case of terminal cancer. The best products to use for cancer are Victory Oil and Holy Oil internally and Miracle Tincture Spray or Gel on the skin over the cancerous areas. Cancer happens at the lowest frequencies before death, so it is critical to raise your body's frequency to heal the cancer and keep it from spreading. The frequency will penetrate your body, so use it over the spot where the cancer is or was to heal it and keep it from returning if it was removed by surgery. *USE Miracle Tincture spray or gel 4 to 6 times a day on the skin over the cancer areas until the cancer is under control, then you can reduce the amount of gel or spray that you use to once or twice a day to keep the cancer from returning. You may also use Victory Oil internally for healing cancer and for your immune system. It has vitamins, minerals, the high frequency extract of the hemp plant, omega fatty acids, detox agents, is anti-cancer, anti-inflammatory, a heavy metal detox, blocks and absorbs radiation, kills deadly parasites, increases oxygen levels in the blood and more. Holy Oil has myrrh that kills intestinal parasites and the microparasites in the pancreas that causes DIABETES. Holy Oil can also stop INCONTINANCE.

C.O.P.D. and LUNG CONDITIONS: C.O.P.D. is a condition which causes fluids to build up in people's lungs and slowly drowns them to death. This condition is caused by having too low of a frequency in the lungs which makes it impossible to cough up the fluids. Use Miracle Tincture Spray over the lung areas 3 to 4 times a day until you cough out the fluids, then reduce to 1-2 times a day. Many people who suffer from this problem report that after using the spray for a brief period of time they cough up the fluids that were trapped in their lungs and they get well. Another terminal patient was suffering from a fungus that was in his lungs. He used the spray as specified and was well after a brief time. Supplement with Victory Oil internally for your immune system, for vitamins, minerals and much more. Other skin care products such as High Frequency Body Lotion, Spruce Frequency Creme, High Frequency Soap and Bath & Body Oil will raise your body's overall frequency and keep you well.

HEART DISEASE: There are several types of heart disease. The diagnoses can be arrhythmia, coronary artery disease, endocarditis, cardiomyopathy, and congenital heart defect. The "disease" that is not on this list is parasites. The Trypanosoma Cruzi parasite is one that causes myocarditis which kills millions. There are other parasites that cause many problems with the heart and may be the source of many heart diseases also. Low physical body frequencies are a major factor as this allows the parasites to flourish. High frequencies kill these parasites and can keep them away along with proper supplements like Victory Oil, Amazing CBD and Holy Oil which are all anti-parasitic. The CBD kills T. Cruzi and other heart parasites. AVOID STORE BOUGHT "VITAMINS." These "supplements" are actually toxic chemical waste

that is re-named “vitamins” and sold to an unaware public. See my video “Synthetic Vitamins are Toxic Waste! Vitamin C is Rodent Bait-GENOCIDE!” on Bit Chute or Rumble under Kim Paddock.

WEIGHT LOSS, DIABETES: Weight loss is a problem that is caused by many sources including a bad diet, lack of exercise, parasites, and the improper functioning and impaction of the bowels. Holy Oil helps people lose weight, control diabetes, kill parasites, stop incontinence, helps with internal disease and pain, and helps you sleep at night when taken before bedtime. People that use Holy Oil have reported a weight loss of about 10 pounds a month for the first 3-4 months. Holy Oil cleans the large intestine of built-up excrement that is full of toxins and parasites which, when removed, can cause weight loss. It can also change the way that you eat as “junk food” begins to taste bad after using Holy Oil for a time. If you are not overweight and have diabetes, you will not lose any more weight. For diabetes, Holy Oil will level out your blood sugar and can reduce the amount of insulin that you take. A new product that is good for weight loss is VITAL MINERALS. I have had success in losing weight with Vital Minerals as have others. I also recommend Victory Oil as a daily immune system builder and supplement.

SLEEP DISORDERS: Many people have sleep disorders that are caused by a variety of reasons. Anxiousness, pain, restless leg syndrome, addictions and more. The products that work best for sleep disorders are Frequency Tea, Holy Oil, Victory Oil, and any of the skin care products when applied to painful spots that keep you awake. Drink a cup of Frequency Tea within an hour of bedtime, also take Holy Oil and Victory Oil before bedtime.

ARTHRITIS, TENDONITIS, CARPEL TUNNEL SYNDROME: These diseases can be healed quickly by applying Miracle Tincture Spray or Gel 3 or 4 times a day until the problem is under control. You can apply, let dry, and repeat to get the 3 or 4 times a day at once if you want. You can also use any of the skin care products that you may want to use daily anyway such as High Frequency Spruce or Magnolia Lotion, Bath & Body Oil, Spruce Frequency Creme and High Frequency Soap.

SKIN CONDITIONS, ECZEMA, PSORIASIS, SORES, AGE SPOTS, WRINKLES: The best products for skin conditions like these are Spruce Frequency Creme and High Frequency Body Lotion. Apply to the affected areas 3-4 times a day until the problem is under control then you can reduce your use. Use the High Frequency Body Lotion on your body daily to keep skin problems under control and to keep your skin healthy. Spruce Frequency Creme is best if used on dry skin areas such as the face, hands, and feet. If you have cracked, dry feet or neuropathy this can help heal them too. You may also consider taking 2 to 3 tablespoons a day of fish oil or an organic seed oil such as sunflower, flaxseed or sesame oil. Do NOT take or use canola oil. It is toxic and is banned in many countries.

NEUROPATHY, PARASTESIA, NERVE DAMAGE: Apply Miracle Tincture Spray or Gel several times and see how you feel. I had the “pins and needles” feeling in my feet. I applied Miracle Tincture Spray several times in a row to my feet and went for a walk. The pain was gone. Apply daily for best results.

TOOTH DECAY, GUM DISEASE, PLAQUE, ORAL PAIN: Amazing Tooth Powder was formulated from natural ingredients to clean and whiten your teeth, remove plaque, prevent oral diseases, tooth decay, increase bone strength, prevent bad breath, kills Candida and stops pain. This toothpowder contains calcium and 30 minerals, kaolin clay, CBD hemp, pearl powder, bee propolis, ginger and spearmint.
