Design & Mood Board

A neutral colour palette is enhanced and elevated by metallic accents in the worktops. The muted scheme has a warmth added through the use of rich quality leathers.

Bold black finishes to create strong and dynamic aesthetic. Creates a wonderful contrast against the earthy neutral finishes and textures .

Styling Tips & How to's

Neutral & Serene

A variety of grey tones and shades are the foundation of this colour palette.

Off set by the off white background that has been applied to the ceiling and walls.

Light oak, wide timber boarding flooring creates a natural warmth and has a clean minimalist aesthetic.

This combination is perfect to then allow the furniture and soft furnishings to soften and bring this Interior Design Style to life.

Design & Style

A black ladder shelf has been included in the living room scheme, and creates not only space for styling and placing accessories but also to create an attractive contrast to the off white canvas.

A mixture of vases work well together and create diversity to the ladder bookshelf, consider mixing textures and finishes. The transparent glass vase compliments the concrete plant not everything has to match.

Styling Tips & How to's

Styling Shelves

Shelves are a great addition to an interior living space, from free-standing to wall fixed at high level. they add depth and perspective are are also fun to style.

Framed artwork can be placed and leaned as apposed to wall fixed and faux ferns draped on the high level shelf help draw your attention down into the living room space and adding a softness and pop of colour.

Styling Tips & How to's

Colour Palette

Combining natural elements into a scheme will add warmth to the colour palette.

Dried flowers and eucalyptus are perfect to use in your styling scheme and also smell amazing.

Woven baskets are useful for blankets and throws, creating a visually pleasing storage solution, with the bonus of the natural weave adding further to the warming elements of this scheme.
