

# Summer at Beelingual

A Summer of Discovery,  
Language & Joy

# WELCOME TO BEELINGUAL SUMMER CAMP

At Beelingual, summer is more than a camp — it's an experience. Through language immersion, creativity, exploration, and play, children spent their summer discovering the world while building confidence, curiosity, and meaningful connections. Each week introduced a new theme designed to inspire learning in a joyful, supportive, and multicultural environment

# OUR PHILOSOPHY

## LEARNING WITHOUT FEELING LIKE SCHOOL

Our summer program blends language learning with hands-on experiences that feel natural and engaging. Children learn by doing — through play, storytelling, science, movement, and real-world exploration. Every activity is designed to encourage communication, collaboration, and confidence.

## AUTOUR DU MONDE FRANCOPHONE

Children traveled across the Francophone world, discovering cultures, traditions, music, and stories from different countries. Through games, art, role-play, and discussions, they explored how language connects people across borders while developing cultural awareness and communication skills.

## PETITS SCIENTIFIQUES

Curiosity took center stage during Little Scientists week. Children experimented, observed, and explored scientific concepts through hands-on activities and imaginative role play. From simple experiments to veterinary and medical pretend play, they learned new vocabulary while developing problem-solving skills and empathy.

## SOUS L'OCÉAN

This unforgettable week brought learning beyond the classroom. Children explored marine life through an exciting aquarium visit and hands-on beach activities. By observing ocean ecosystems and playing together by the water, they developed curiosity, environmental awareness, and lasting summer memories.

# LEARNING BEYOND THE CLASSROOM

Learning came alive through real-world experiences. Community outings, such as visits to the fire station and city landmarks, helped children connect learning to everyday life while discovering professions, teamwork, and civic responsibility.

## CALM MOMENTS & LANGUAGE GROWTH

Quiet moments were just as important as energetic ones. Through reading, listening, and small-group activities, children strengthened their language skills while developing focus, confidence, and a love for learning.

## FRIENDSHIP & COMMUNITY

Beyond activities and themes, what truly made the summer special were the friendships formed. Children learned to collaborate, express themselves, and support one another in a warm, inclusive environment where every child felt they belonged.

# LOOKING AHEAD

Join Us Next Summer

Summer at Beelingual is where learning feels natural, friendships grow, and curiosity thrives. We can't wait to welcome new explorers for another unforgettable summer of language, discovery, and joy.
