

NYMPSFIELD COMMUNITY PUB PROMISES AUCTION **PROMISES CATALOGUE**

Welcome - Why are we here?

The Rose & Crown Inn, our much-loved village pub, has been at the heart of the community since the mid-1800s. Following a sustained period of chronic under-investment in its beautiful Grade II listed building, the pub sadly closed in March 2023, and the fabric of the building has continued to deteriorate rapidly, leaving it in a critical state of disrepair. If we don't act now, this historic community asset could be lost forever.

To prevent this, Nympsfield Community Pub Limited (the "Society"), was set up by a group of Nympsfield residents earlier this year and registered with the Financial Conduct Authority as a community benefit society on 12 April 2024.

An independent valuation report on the pub in May analysed the business potential and concluded that the pub can be run as a sustainable business. Its current inability to secure a buyer is due to the poor state of the fabric and infrastructure of the building as a consequence of long-term underinvestment.

Our vision is to recreate a welcoming pub at the heart of the village, owned by and run for the benefit of the community. As well as a pub serving good quality, locally sourced and reasonably priced food and drink to the 25,000 people living within 5km of Nympsfield, the Rose & Crown Inn will be a space to meet and connect with others and will provide services such as a café and shop to the community. The day-to-day operations of the pub will be managed by a tenant, who will work closely with a management committee elected by, and acting on behalf of, the community.

However, raising the capital required will not be easy. Our Community Share Offer, aiming to raise between £400,000 and £450,000, is currently live and will be key to the success of the Society. This auction is the next in our series of fundraising events to supplement the funds raised through the share offer.

The digital version of our community share application form is available on our website:
