

Help Hope Grow...

BUILDING CAMPAIGN

Since 2017, the Hope Center has been a place where hope is planted, nurtured, and allowed to grow. What began as a small step of faith has become a thriving ministry and community hub, offering programs that support individuals and families through literacy education, mentorship, life-skills development, workshops, youth programming, and compassionate care. Our mission is simple and powerful: to demonstrate love in action by serving and supporting our community and offering hope to all regardless of circumstance or background. Now, we are stepping into an exciting new chapter: purchasing and transforming our very own building so we can expand our impact and better meet the growing needs of LeRoy and the entire GLOW region.

We invite you to partner with us in making this vision a reality. Contributions to our Building Campaign will directly support the purchase of the building and complete renovations, including a new tutoring center, respite center, community gathering spaces, resource center, kitchen area, ADA-accessible restrooms, office space, and more. Every improvement is designed with one purpose in mind...to create a welcoming, functional, and inspiring space where lives can be strengthened and hope can flourish.

We believe the Hope Center can truly become the center of our community...a place where people find support, connection, and encouragement, and where hope grows every day. This vision is only possible through the generosity of people who believe in what we do and who care deeply about the future of our community. Your gift, at any level, plants a seed of hope that will continue to grow for generations to come. Together, we can build a home for hope.
