### Additional Details

- \*Additional Entertainers or musicians are available (singers, bands, violins, guitarists, rappers) - \$250/each performer
- Transportation fees may occur if event is outside 50 mi radius of Detroit, MI.
- LJP prices are all-inclusive, there are no hidden wedding fees or wedding expenses after your invoice is created.
- Fees are subject to change only if bride and groom wish to add additional services (i.e. extra live musicians or a band)
- Crew at LJP be dressed to blend in with your guests, so you can expect us to look sharp and ready for your wedding (unless dress code or theme is requested otherwise).
- We cater playlists and setlists for the Bride and Groom exclusively. Requests during an event can be a double edged sword, they can kill the vibe or light up the party. I'm happy to work with the songs that will turn up the floor, or to politely decline anything that is on your Do Not Play List.
- We recommend an in person consultation, with Jannah G via zoom call or phone call to get to know your theme and vibe for your special day.
- After consultation and deposit, you'll receive an optional survey form for planning purposes to let us know your music preference.
