## CLASS MANAGER PORTAL

We have moved to a new software platform which will hopefully (eventually, once the creases are ironed out) make everyone's dance lives easier to manage.

Through this platform, families can now set up automated payments for term fees.

we will eventually use it as a communication platform also.

Thank you all for embracing this change, and bearing with me while I also learn how to use it!

This is beautiful Lissencephaly warrior Koa Eve, she was diagnosed with an incurable neurological brain disorder called Lissencephaly (smooth brain) when she was 5 weeks old. This causes her brain to never develop over a 6 months old, but since she was diagnosed so late her condition is much worse than other Lissencephaly warriors. Her family don't know how much longer they have left with her so, I am trying to raise money so that they can make the most of the time they have left together. They are a very beautiful family and Koa is the sweetest little girl. please help support me with
