Street Sweeper – New Business item f.

6. PRESIDENT'S REPORT: Nothing to report.

7. ADMINISTRATOR'S REPORT:

VA Selner reported that he had placed an order through the MiDeal Road Salt Program for the next winter season. The order is a commitment to purchase, and the Village will be unable to cancel the order. With an April 6, 2021, purchase order deadline, VA Selner made the decision to order after consulting with Councilman Crothers (Finance Committee Chair) and Village President Inglis. Purchasing the salt directly through MiDeal program provides the Village a substantial cost savings. In the future, this item will come to Village Council for approval before the order is placed. Up until this point, the Village purchased salt through the Oceana County Road Commission. In the 2019-2020 winter, 332 tons of salt was purchased for a total of \$27,174.08. This total includes an 8.5% overhead

fee charged by the County. Not including vehicle depreciation and employee time to collect the salt from Hart, the estimated annual cost savings by ordering directly through MiDeal is \$3,449.36.

Village Clerk/Treasurer Crystal Budde and VA Selner met with the Village's Auditor Eric VanDop over Zoom for the Village's Fiscal Year 2020-2021 Audit Entrance Conference on Tuesday, April 6. The audit process will continue over the next couple of months and will be completed by July.

VA Selner reported that the Village of Shelby did not fall within the fundable range for the Drinking Water Asset Management Grant.

VA Selner had been informed of a grant opportunity through the Michigan Economic Development Corporation (MEDC) for water related infrastructure. The program is designed to assist local governments in making necessary improvements to existing public infrastructure systems. Eligible activities include upgrading existing public infrastructure systems either by replacing deteriorating or obsolete systems or by adding needed capacity to existing, but burdened systems. The grant program requires a 10% match of the total project cost. Applications are due May 31, 2021. VA Selner will work with the Water and Sanitation Committee and Don DeVries in the coming weeks to determine if the Village should pursue this grant opportunity.

The environmental report for the USDA Loan Application (Peterson Farms project) is nearly complete. Due to the time it has taken to complete the environmental report, VA Selner will need to repost the USDA Loan Application Intent to Apply in the newspaper and update the Village's Water Fund financial information before submitting the application. He will inform Council when the application has been formally submitted.

This week staff has met to discuss the Employee Handbook/Personnel Policy update project. VA Selner plans to develop a more complete draft to bring back to staff for discussion in the next couple of weeks. Following staff discussion/edits, a Personnel Committee meeting will be scheduled to review the proposed Employee Handbook.

8. DEPARTMENT HEADS' REPORTS:

Chief Waltz reported that, during the month of March, the Police Department had started to address instances of blight that officers had seen while out on patrol. Currently there are 11 cases in process. Chief Waltz noted that 3 of the 11 cases have made efforts to clean up their property. Officers have had verbal contact with property owners/tenants in an effort to afford them the opportunity to abate the blight before enforcement actions are taken. Letters are currently being sent out to those where contact has been made, but there has been little or no cleanup of the property.

Interim DPW Supervisor Helenhouse reported that the Harvey Street pump will be installed on Tuesday, April 13. The DPW recently had their first change of a lead service line into a home last week. The job went very well and has been completed.

9. CORRESPONDENCE: No Correspondence.

10. CITIZEN PARTICIPATION: No Citizen Participation.

11. OLD BUSINESS: No Old Business.

12. NEW BUSINESS:

a.) Ordinance Recodification Proposal

The Ordinance Committee met twice to discuss the Ordinance Recodification project. After reviewing the three proposals, the Committee is recommending Village Council approve the proposal from American Legal Publishing. All three proposals would provide a much-needed review and update to the Village's Codified Ordinances. The benefits of working with American Legal Publishing is their familiarity with the Village's codes and they can do the project at the lowest cost (\$6,800.00). They also provide free model ordinances covering nearly any municipal topic to replace outdated ordinances or to cover an area for which the Village may not have an ordinance.

Damian Omness moved to authorize VA Selner to sign the Codification Agreement dated March 24, 2021 by and between American Legal Publishing and the Village of Shelby. Seconded by: John Sutton.

Roll Call Vote:

Ayes: Omness, Sutton, Zaverl, Glover, Crothers, and Inglis.

Motion Carried 6-0. Absent: Bill Harris.

b.) Crystal Budde Wage Increase

Chapter 242.04 and Chapter 246.02 in the Shelby Codified Ordinance states that the Clerk and Treasurer "Shall receive compensation as recommended by the Village Manager or President and shall be determined by resolution or contract annually." VA Selner reported that this has not been regularly practiced in the past as indicated by the following wage history:

March 12,2018 - \$.50 pay increase (\$16.00 per hour to \$16.50 per hour)

April 23, 2018 - Clerk/Treasurer position created (\$16.50 per hour to \$18.00 per hour)

November 13, 2018 - \$1.00 pay increase (\$18.00 per hour to \$19.00 per hour)

May 2020 - Former Administrator Rob Widigan gave a \$1.00 increase (\$19.00 per hour to \$20.00 per hour)

After reviewing the wage study conducted by MML for the Clerk/Treasurer position, VA Selner is recommending a 2.5% wage increase moving the hourly wage from \$20.00 per hour to \$20.50 per hour (\$41,600.00 to \$42,640 annually). The average pay for communities with a population under 2,500 that responded to the MML wage survey was \$53,687.00. The average pay for general law Villages with a population under 2,500 that responded to the MML wage survey was \$47,369. The pay increase equals 7.06% of Fiscal Year 2021-2022 budgeted General Fund Revenue. In the 2020-2021 Fiscal Year, the Clerk/Treasurer salary was 7.31% of budgeted General Fund Revenue. The Personnel Committee met on Monday, April 5, 2021, and is recommending approval of the 2.50% wage increase effective March 25, 2021.

Bill Glover moved to approve a 2.5% wage increase for Crystal Budde, Village Clerk/Treasurer, setting her wage at \$20.50 per hour, effective March 25, 2021.

Seconded by: John Sutton.

Roll Call Vote:

Ayes: Glover, Sutton, Crothers, Omness, and Inglis.

Nays: Zaverl.

Motion Carried 5-1. Absent: Bill Harris.

c.) Jeremiah Helenhouse Temporary Wage Adjustment

Jeremiah Helenhouse was promoted to acting DPW Supervisor until a permanent replacement for the position is hired. He will have all the responsibilities of the DPW Supervisor except disciplinary responsibility. All discipline will be conducted by the Village Administrator in coordination with information provided by the DPW Supervisor. The Village submitted a memorandum of understanding to the Union representing the DPW department allowing Jeremiah to take a temporary leave from his position of DPW Laborer to serve as acting DPW Supervisor for 90 days, beginning March 29, 2021 and ending June 27, 2021. Mr. Helenhouse's wage must be moved to a salaried position while holding the DPW Supervisor position. He will not be entitled to overtime and will get paid \$53,000.00 annually, effective April 12, 2021. The Personnel Committee will re-evaluate this situation in early June. The Personnel Committee met on April 5, 2021 and is recommending the Village Council to approve the temporary wage adjustment for Jeremiah Helenhouse.

John Sutton moved to approve a temporary wage adjustment for Jeremiah Helenhouse as acting DPW Supervisor, setting his wage at \$53,000.00 annually, effective April 12, 2021 and ending June 27, 2021, at which time his Supervisory status will be re-evaluated. Seconded by: Damian Omness.

Roll Call Vote:

Ayes: Sutton, Omness, Crothers, Glover, and Inglis.

Nays: Zaverl.

Motion Carried 5-1. Absent: Bill Harris.

d.) Oceana County Community Foundation Grant – Discussion

The Oceana County Community Foundation's Spring 2021 grant application is open until April 19, 2021. The grant limit is \$5,000.00. Village Community Development Fellow Emily Stuhldreher would like to apply for the grant on behalf of the Village of Shelby for funding downtown improvements to include two signs and one shade structure. The grant would cover the cost of one downtown wayfinding sign (location to be determined, but preferably at the pavilion along the Rail Trail) and one welcome sign for the new pocket park. Additionally, the grant would cover a 20ftx10ftx12ft shade structure that will be located at the new pocket park.

e.) Sunday Alcohol Sales

On December 13, 2010, Village Council passed a resolution prohibiting Sunday morning alcohol sales pursuant to MCL 436.2111. Cherry Hill Supermarket is requesting that the Village Council consider a resolution reversing the prohibition of Sunday morning alcohol sales. If Village Council moves forward with the rescission of the original resolution and provides a resolution to allow AM Sunday sales, Cherry Hill Supermarket will be able to refile an application for Sunday morning alcohol sales.

Damian Omness moved to adopt Resolution Number 27-21. (See attached) Seconded by: Steve Crothers.

Roll Call Vote:

Ayes: Omness, Crothers, Sutton, Zaverl, and Inglis.

Nays: Glover. Motion Carried 5-1 Absent: Bill Harris.

Dear Local Official(s):

The Oceana County Board of Commissioners will consider a "Resolution of Intent to Establish a Countywide Brownfield Redevelopment Authority" at its meeting on **April 29, 2021**. Discussion of this proposed resolution and an opportunity for public comment will take place at **9:00 a.m.** in the Oceana County Building located at 100 S. State Street, Hart, Michigan, as well as via Zoom (see the attached instructions).

This resolution is a first step in establishing a Brownfield Redevelopment Authority; a highly effective tool used to redevelop or revitalize eligible properties within the county that are environmentally-distressed, contaminated, and functionally obsolete and/or blighted.

What is a Brownfield Redevelopment Authority?

Any local unit of government (city, village, township, county) can establish a Brownfield Redevelopment Authority to act as a tool to achieve redevelopment and revitalization goals.

The Brownfield Redevelopment Financing Act (1996 Public Act 381, as amended) authorizes Brownfield Redevelopment Authorities to approve plans that help revitalize, redevelop, and reuse contaminated, blighted, functionally obsolete, or historic areas.

Why would a Township/Village/City want to join the Oceana County Brownfield Redevelopment Authority?

One reason is that there may already be sites within your municipality that are deemed environmentally-distressed and therefore eligible for brownfield development. A Brownfield Redevelopment Authority would encourage remediation of those sites by providing developers with a means to recover eligible remediation costs to develop the property.

There may be other sites in your community that are considered obsolete and in need of major redesign for viable reuse. These properties also need brownfield incentives to encourage

Official County Website: http://www.oceana.mi.us

developers to redevelop them from blight into viable community assets. An Oceana County Brownfield Redevelopment Authority will allow local units of government to review and approve Brownfield Plans under the administration of one countywide authority and board. The countywide Brownfield Redevelopment Authority will only operate in communities that explicitly choose to be members of the authority through the adoption of a local resolution.

How does your community join the Oceana County Brownfield Redevelopment Authority?

A local resolution to join the county brownfield authority is required. A sample template is attached for your review and possible future use should you wish to "opt-in" to the countywide authority.

Public Hearing

Assuming the "Resolution of Intent..." is adopted on April 29, 2021, the next step will be for the Oceana County Board of Commissioners to publish a public notice and then hold a public hearing on the subject. The public hearing is tentatively planned for June 10, 2021 at 11:30 a.m. in the Oceana County Building located at 100 S. State Street, Hart, Michigan, as well as via Zoom (instructions not yet available).

Questions?

Please contact your County Commissioner or Ms. Jodi Nichols, Business Development Coordinator, Oceana County Economic Alliance (231) 742-3328 with questions and to further discuss this potential redevelopment tool. Additionally, you will soon receive an invitation to participate in an informational Zoom session to continue learning about brownfields.

Meeting Date: April 26, 2021

Agenda Item: Water/Sewer Connection Fee Schedule Amendment

Budget Impact: None

Recommendation: Approve Water/Sewer Connection Fee Schedule Amendment

Staff Contact: Brady Selner, Village Administrator

Background:

After several months of discussion, Village Council, with the recommendation from the Water & Sanitation Committee, adopted a new Right-of-Way Permit Ordinance, ROW permit application, and associated fee schedule for water and sewer connections on March 22, 2021. Much of the discussion focused on the cost burden for new single-family residential homes and the cost/time it would take our DPW staff to make the connections. The fee schedule that was adopted did not consider commercial, industrial, or multi-family developments that could require a 2" or greater connection into the Village of Shelby water and sewer system.

As discussed at the March 22, Village Council meeting, the purpose of connection fees is to have new users "buy in" to the existing water/sewer system. All new customers' use of the existing water infrastructure reduces the existing capacity and may also lead to the need for construction of new water/sewer infrastructure. A common objective of connection fees is for growth to pay for growth. Money collected through connection fees from new developments for their share of the cost of capacity is more equitable than raising rates on all customers to pay for capital improvements that are needed primarily to serve the new or increase on demand. For these reasons, the Water & Sanitation Committee is recommending an amendment to the recently passed water/sewer fee schedule to include a step increase to water connections greater than 1.5" and for sewer connections greater than 6".

Village Council Item Cover Page

Meeting Date: April 26, 2021

Agenda Item: MEDC WRI Grant

Budget Impact: \$750 from Fund 590 and \$250 from Fund 591 (for grant

application)

Recommendation: Authorize Brady Selner, Village Administrator, and Don DeVries,

Fleis&Vandenbrink Engineer, to apply for the MEDC WRI Grant.

Staff Contact: Brady Selner, Village Administrator

Background:

The MEDC Water-Related Infrastructure (WRI) program is designed to assist local governments in making necessary improvement to existing public infrastructure systems. Eligible activities include upgrading existing public infrastructure systems either by relacing deteriorating or obsolete systems or by adding needed capacity to existing, but burdened systems. Don DeVries and I are recommending the Village pursue this grant opportunity to seek funding for replacement of the Industrial lift station, the Harvey lift station, and Well 2. The estimated project cost is \$750,000.

The minimum project cost to be eligible for the grant is \$500,000 and the maximum is \$2 million. The available funding is \$15 million. The Water & Sanitation Committee met on April 22, 2021 and is recommending Village Council authorize Don DeVries and I apply and submit the MEDC WRI Grant committing the Village to a 25% local match. The minimum required match to be eligible for the grant is 10%, but the Village receives additional points if we match above 10%.

As of April 23, 2021, the available cash in our Water Fund (591) is approximately \$115,440 and the available cash in our Sewer Replacement Fund (590) is \$552,342. As part of the grant application, Village Council would adopt a formal resolution May 10 committing to the local match for the project. Below I have provided estimated local match requirements based on the estimated project cost of \$750,000:

Match Percentage	Water Fund	Sewer Fund	Total
10% (0 points)	\$9,000	\$66,000	\$75,000
11% (5 points)	\$9,900	\$72,600	\$82,500
16% (10 points)	\$14,400	\$105,600	\$120,000
25% (15 points)	\$22,500	\$165,000	\$187,500

Applications are due by May 31, 2021, at 5:00pm, but we need to have the application completed by May 26, 2021, so the application is available for public viewing at the required public hearing. Communities that receive funding will be notified by June 15, 2021.

APPLICATION INSTRUCTIONS

This guidance is intended to aid in the understanding and completion of the WRI Application. The review of the proposed project will be based solely on the UGLG's responses and attachments. The MEDC will not seek clarifications. The numbered sections below provide additional detail to assist with completing the corresponding numbered sections of the WRI Application.

- 1. UNIT OF GENERAL LOCAL GOVERNMENT (UGLG) IDENTIFICATION SUMMARY. Complete all fields.
 - **A.** Identification of UGLG. UGLG refers to the County, City, Township, or Village applying for the funding. An eligible Applicant is one listed on the CDBG Low- and Moderate-Income Community Customer list. Surveys not approved at the time of this announcement will not be allowed.
 - **I.** Application Types. Eligible applicants may submit one of two types of applications:
 - An Individual Application may be submitted by an eligible applicant for a project located within its corporate limits and benefitting only those residents within its corporate limits;
 - 2. On behalf of multiple UGLGs or on behalf of an Authority serving multiple UGLGs, a *Joint Application* may be submitted by an eligible Lead Applicant for a mutual need of multiple UGLGs. To consider a Joint Application, a resolution will be required from each UGLG outlining which UGLG will be the Lead Applicant and outlining the responsibilities of all UGLGs. The Lead Applicant should be listed as the UGLG. The Applicant must be able to clearly show how the proposed project benefits the residents of all UGLGs and that at least 51% of all beneficiaries are low- and moderate-income persons.
 - **B.** Funding Source Totals. These amounts must be based on one independent third party cost estimate. Amounts must match Attachment A (Budget) to these Instructions.
 - **I.** CDBG Amount requested from the Michigan Strategic Fund (MSF) through this application
 - II. UGLG Amount of Committed Cash Match from local resources.
 - 1. The UGLG Committed Cash Match must be equal to at least 10% of the Total Project Cost. For examples, refer to Section 5(A) of these Instructions.
 - **2.** UGLG Committed Cash Match are funds that are available at the time of this application and the UGLG has committed the funds to this project through the

required Authorizing Resolution to be requested later in the Application (Section 12, Attachment B)

- **3.** Examples of local resources include:
 - a. General Fund
 - **b.** Road, Water, and/or Sewer Funds
 - c. DDA or other like district Funds
 - **d.** Bonds must be immediately available

Special Assessments are not allowed.

- III. Other Amount of Committed Cash Match from resources other than listed above
 - 1. "Other" Committed Cash Match are funds that are available at the time of this application and provided by "Other" resources. The UGLG must have written evidence from the "Other" resource.
 - **2.** Examples of "Other" resources include:
 - **a.** Other grants and/or loans with agreements in place Must be supported by a grant/loan agreement signed by the person authorized to make such a commitment for that agency
 - **b.** Act 51 Funds Must be supported by a letter signed by the person authorized to make such a commitment.
 - **c.** Other public and/or private committed funds Must be supported by a letter signed by the person authorized by that entity to make such a commitment.
- IV. Total Total of CDBG Request, Local Committed Resources and Other Committed Resources

NOTE: For CDBG purposes, costs are considered to be obligated/incurred once a purchase order, contract, etc. has been signed. If a purchase order, contract, etc. has already been signed, both the expended and unexpended costs associated with that particular purchase order, contract, etc. cannot be counted as match nor can the costs be included in the CDBG budget.

The UGLG must receive written authorization from the CDBG Program prior to entering into any contracts or incurring project related costs. Failure to receive written authorization could jeopardize CDBG funding.

The budget must:

- **a.** Include ONLY those costs that <u>have not yet been</u> obligated/incurred.
- **b.** Not include costs for preparing the application;
- **c.** Not include costs for in-house administration. However, Certified Grant Administrator costs are allowable (Refer to Section 7 of these Instructions for additional information on Administration).
- d. Include ONLY committed sources of matching funds
- **C. UGLG's SAM Number.** This number is required by HUD and is needed by the MEDC when requesting the CDBG funds from HUD. Check with the UGLG's Treasurer or Financial Director for this number. If the UGLG does not have this number, use the link provided to apply for one. There is no charge to obtain this number. This number includes two alpha characters and three numeric characters. (Link).
- **D. UGLG's DUNS Number.** All UGLGs must have a Data Universal Numbering System (DUNS) Number to apply for Federal Funds. If the UGLG does not have this number, use the link provided to apply for one. The DUNS Number is a nine-character identification number provided by Dun and Bradstreet. There is no charge to obtain this number. (Link).

- E. UGLG's Federal Tax Identification Number. This number is also needed for disbursing the CDBG funds.
- **F. UGLG's Fiscal Year End.** This is the month and day of the UGLG's Fiscal Year End.
- **2. STATE GOVERNMENT REPRESENTATION.** Enter the information for the Senator and State Representative representing the UGLG.
- **3. FEDERAL GOVERNMENT REPRESENTATION.** Enter the information for the Member of Congress representing the UGLG.
- **4. AUTHORIZED UGLG OFFICIAL.** This Authorized UGLG Official must be designated in the required Authorizing Resolution to be requested later in the Application (Section 12, Attachment B).
- **5. ELIGIBILITY REQUIREMENTS.** To qualify for the proposed funding, the UGLG and the proposed project must meet all eligibility requirements and all eligibility boxes in Section 5A of the Application must be checked.
 - **A.** UGLG Committed 10% Cash Match. The UGLG Committed Cash Match must be equal to at least 10% of the Total Project Costs, not 10% of the CDBG Amount. Refer to Section 1(B)(II) of these Instructions for additional information on UGLG Match.

IMPORTANT: If the project includes Lead and Copper Rule required lead and/or galvanized service line replacement that occurs on private property, the Community is responsible for 100% of that cost. The costs may be considered by the Community to be counted towards its 10% cash match requirement.

Examples of the UGLG Committed 10% Cash Match (Figures used are for illustrative purposes only):

CORRECT

Total Project Cost of \$550,000

UGLG Committed 10% Cash Match ($$550,000 \times .10 = $55,000$):

UGLG has a MEDC CGA on staff who will administer the proposed project itself (this is not an eligible expense for match or CDBG reimbursement) or the MEDC will be pay for a CGA.

Total Project Cost \$550,000 Local Match \$55,000 CDBG Request \$495,000

INCORRECT

Total Project Cost of \$550,000

UGLG Committed 10% Cash Match ($$550,000 \times .10 = $55,000...$ not CDBG amount of $$500,000 \times .10 = $50,000$)

Total Project Cost \$550,000

Local Match \$ 50,000 (WRONG)

CDBG Request \$500,000

^{*}If the UGLG is selected to proceed in the application process and an UGLG CGA staff person will administer the proposed project, the CDBG Request will remain the same.

- **B.** Maintenance Plan. This plan does not need to be elaborate. Please describe how the improvements will be maintained once construction has been completed. Include the description as Attachment E.
- **C.** Capital Improvement Plan (CIP). The UGLG must have a locally approved CIP, covering 6 years of improvements for all types of public structures and improvements to be undertaken over the next 6 years. Include the entire plan as Attachment J.
 - **I.** Capital projects identified in the CIP must include details such as project descriptions, plans, estimate of time and cost of the improvements.
 - II. Capital projects identified in the CIP must be prioritized as determined by the UGLG.
 - **III.** The proposed project must be specifically identified within the 6-year CIP and highlighted for ease of locating within the plan.
- **D. Plans and Specifications**. The UGLG will meet this eligibility requirement if a set of preliminary project plans and specifications is included as Attachment M.
- **6. PRIORITIES.** All eligible Applications will be reviewed and scored based on the following priorities:
 - **A.** Project Need(s). The review of this priority will be based solely on the UGLG's Application and Attachments. The MEDC will not seek clarifications. Ensure that Question 10(C) has been clearly answered and supporting evidence is included as Attachment L. Refer to Question 10(C) of these Instructions for further information.

7. ADMINISTRATION.

- **A.** A MEDC Certified Grant Administrator (CGA) must administer the project. The UGLG must select one of the two options below. Administrative contracts cannot be signed until written authorization has been provided by the MEDC.
 - I. A MEDC CGA will administer the project. The CGA has not yet been selected and the contract amount is unknown. The contract has not yet been signed, the MSF will fund the costs, and the administration line item on the CDBG budget (Attachment A) has been left blank.
 - **II.** A MEDC CGA on the staff of the UGLG will administer the project. These costs are not eligible as match or CDBG reimbursement. The administration line item on the CDBG budget (Attachment A) has been left blank. Provide the name and contact information for the MEDC CGA person at the UGLG who will be responsible for administering the proposed project:

- **III.** Relocation and demolition and/or conversion of residential Dwelling Units are addressed in Chapter 7 of our Grant Administration Manual (Link); and
- **IV.** Special Fees Special Assessments are not allowed. For purposes of the CDBG program, special assessment means the recovery of the capital costs of a public improvement, such as streets, water or sewer lines, curbs and gutters, through:
 - 1. A fee or charge levied or filed as a lien against a parcel of real estate as a direct result of benefit derived from the installation of a public improvement, or;
 - **2.** A one-time charge made as a condition of access to the public improvement.
- B. Project description. Provide a clear and concise description of the overall proposed project.
- **C. Project Need(s)**. Based on the priority selected in Section 6(A) of the Application, clearly and completely describe the need for the proposed project. Projects will be reviewed based on three categories of need:
 - **I.** <u>Health, Sanitation, and Security.</u> Describe concerns and include relevant regulations and correspondence from/to federal and state regulatory agencies and/or engineering opinion of need. Describe any/all existing safety concerns.
 - **II.** Aging Infrastructure. Describe concerns, including but not limited to, water loss, inflow and infiltration, treatment or storage needs, inefficient designs, etc. and include relevant regulations and correspondence from/to federal and state regulatory agencies and/or engineering opinion of need. Describe any safety concerns.
 - **III.** <u>Capacity Concerns</u> of existing, but burdened systems (future growth not eligible). Describe the concerns and include relevant correspondence.
- D. Lead and Copper Rule. In addition to the immediate water/sewer infrastructure needs already identified above, any/all lead and galvanized service line replacements required by the LCR should be included in the project activities and in the project budget. Please seek guidance from your engineering firm and/or from the Michigan Department of Environment, Great Lakes and Energy if you do not understand if/how LCR requirements impact your project. https://www.michigan.gov/egle/0,9429,7-135-3313_3675_3691-9677--,00.html

IMPORTANT: If the project includes Lead and Copper Rule required lead and/or galvanized service line replacement that occurs on private property, the Community is responsible for 100% of that cost. The costs may be considered by the Community to be counted towards its 10% cash match requirement.

- **E. Square footage**. This is a required field that must be reported as square feet. Convert linear feet to square feet when appropriate.
- **F. Timeline.** Provide a timeline for the requested activities. When completing the timeline, please refer to the anticipated Timeline on pages 2-3 of these Instructions and the below information with regard to obligating/incurring costs:

I. Soft Costs (i.e. Administration, engineering, legal, etc.)

1. At the risk of the UGLG, soft costs may be obligated/incurred (meaning the contract can be signed) after letter of intent and prior to the execution of the grant agreement BUT ONLY with the prior written authorization from the MEDC.

II. Hard Costs (i.e. Easement Agreements, ordering Supplies/Materials, construction, etc.)

- 1. Non-CDBG funded At the risk of the UGLG, hard costs to be paid with 100% non-CDBG funds may be obligated/incurred (meaning agreements/purchase orders, etc. can be signed) prior to the execution of the grant agreement BUT ONLY with the prior written authorization from the MEDC. Federal requirements may apply.
- CDBG Funded Hard costs to be paid in whole or in part with CDBG, can be obligated/ incurred (meaning agreements/purchase orders, etc. can be signed) once the grant agreement has been executed BUT ONLY with the prior written authorization from the MEDC. Federal requirements will apply.

NOTE: Incurring costs prior to written authorization may jeopardize possible CDBG funding.

11. NATIONAL OBJECTIVE

- **A.** The U.S. Department of Housing and Urban Development (HUD) mandates that CDBG projects benefit all residents of an UGLG where at least 51% of the residents are low- and moderate-income persons.
 - **I.** Use the MEDC CDBG Low- and Moderate-Income Community Customer list to identify the percentage of the UGLG comprised of low and moderate income persons. (Link).
 - II. Benefit to Low- and Moderate-Income Persons:
 - 1. When explaining how an Individual Application benefits the entire UGLG, keep in mind that the project activities can benefit only the residents of the UGLG (no more and no less).
 - 2. Refer to Section (1)(A)(I)(2) of these instructions when completing the National Objective for Joint Applications.

Opportunities to participate must be made available by advertising in publications, which are distributed in the slum and blight areas and the low- and moderate-income neighborhoods.
- 7. The UGLG provided citizens with reasonable and timely access to local meetings, information, and records relating to the applicant's proposed use of funds, as required by regulations of the Secretary, and relating to the actual use of funds under this title.
- 8. The UGLG provided for technical assistance to groups representative of persons of low and moderate income that request such assistance in developing proposals with the level and type of assistance to be determined by the grantee.
- 9. The UGLG provided for public hearings to obtain citizen views and to respond to proposals and questions at all stages of the community development program, including at least the development of needs, the review of proposed activities, and review of program performance, which hearings shall be held after adequate notice, at times and locations convenient to potential or actual beneficiaries, and with accommodation for the handicapped. Communicating Results

The Village strives to be consistent and transparent with information. The Village's website is the primary source of information including meeting schedules, agendas, and minutes. Additionally, the Village of Shelby may periodically report a summary of special meetings, social media usage, or other related planning and development efforts.

Monitoring and Evaluating Outreach Efforts

The purpose of this section is to ensure the Village is maintaining a presence within the general community and providing stakeholders many and different methods to participate in Village decision-making. Additionally, to ensure the methods of outreach are relevant and being utilized on a regular basis.

Tracking Success of Outreach Efforts

The Village should take steps to track and record the participation of the public. In regard to open meetings, the participation of interested persons and their input shall be recorded in the minutes. Approved meeting minutes, which include the outcome of the public participation, are made available to the public on the Village's website. The success of public participation during public meetings can be measured by counting the number of general public members who attend the meeting, the number of public comments received at each meeting, the number of comments received by the Village Clerk outside of meetings times, and the number of viewings the recorded meeting registers. The Village will develop goals for participation rates and track the rates of participation over time.

Public participation during Village events, special planning meetings, and general outreach can also be tracked. For group meetings such as steering committees, focus groups, and community workshops, attendance and number of comments may be tracked. Surveys distributed via paper form, mail, or electronically may be tracked by their response rate. The Village may conduct regular surveys that allow response rates to be compared from year to year in addition to survey results. Social media allows the Village to track "likes" on Facebook. This, as well as their messaging capabilities, is a way to track participation and interest from the general public.

Evaluation

The Village of Shelby will review this Public Participation Plan periodically in order to monitor the effectiveness of the procedures outlined in this document. All public participation efforts will be recorded by the various Village departments and reviewed on a routine basis. Following evaluation of the outputs and outcomes of the Public Participation Plan, the Village may revise these methods to incorporate new and innovative ways to involve the public in the planning decision-making process.
