Procedure for Virtual Public Meeting

Governor Whitmer issued Executive Order Number 2020-154 on Friday, July 17, 2020 to allow local government bodies (including their boards and commissions) to conduct remote meetings and expressly suspended compliance with section 3 of the Open Meetings Act to alleviate physical presence requirements in recognition of the threat imposed by the COVID-19 virus. In order to comply with Executive Order 2020-154 and to best meet the intent of the Open Meetings Act, the Village of Shelby shall:

- Continue with regularly scheduled Council Meetings, as deemed essential, via Zoom videoconferencing and teleconferencing.
- The Village is committed to staying as accessible as possible. Due to the limitations of technology, Village staff encourages residents to send an email with your comments to <u>administrator@shelbyvillage.com</u> that will be read into the public record. This will decrease the demand on our virtual meeting infrastructure. Thank you in advance for your understanding.
- For those who prefer to use a telephone to participate, you will need to call +1 312 626 6799 and enter the Meeting ID Number and Password (information posted below). When prompted, enter a participant number or just touch the # key. **During the call, use *9 to "raise hand" and you will be called on by the last 4-digits of your phone number.** (For example, my last digits are 8296. Callers will be asked to speak by referencing the last 4-digits of their phone number.) Note: Telephone participants will have their phone numbers masked, to protect their privacy.
- Please remain patient as staff will do our best to assist everyone but be advised for virtual meetings there will be a strict three (3) minute limit for public comments.
- Zoom is available: as an app on Mobile and Tablet; as an app on PC/Mac laptops and desktops with audio and video capabilities; or dial-in via phone.
- Participants or "public" will be muted during the meeting and must "raise hand" to be called on, during the public comment period.
 - If you are participating via telephone dial-in, use *9 to "raise hand" and you will be called on by the last 4-digits of your phone number.
 - If you are participating via the Zoom app, simply click "raise hand" and you will be called on by the meeting host.

For assistance or questions for accessing and/or making public comment during the meeting, please reach out to Rob Widigan at 231-861-4401 or by email: <u>administrator@shelbyvillage.com</u>.

The Village again thanks everyone in advance for your patience and cooperation during this very unique time.

Baseline Road north of the Village (three buildings on Baseline just east of Oceana Drive and six buildings on Baseline at 88th Avenue). Fleis & VandenBrink Engineering has completed a feasibility study and determined the buildings could be supplied by Shelby municipal water; the cost to install the water main is estimated to be \$2,700,000.00.

The State has set aside funds that will be used to support this project. The MEDC and EGLE have pledged to each contribute \$800,000.00 for the project with the remaining balance to be paid either through a grant from the USDA or a USDA loan that would be repaid by Peterson Farms. EGLE remains in close contact with federal partners to ensure the project is fully funded. EGLE also hosted a call earlier this month with local, state, and federal partners to discuss the project in more detail.

Steve Crothers moved to authorize the Interim Village Administrator to continue working with Paul Bristol, Area Specialist with USDA-Rural Development and Bond Counsel James Kiefer with Dykema to move forward with the USDA loan application recognizing that the Village of Shelby is not pledging its Full Faith and Credit or assuming any responsibility to pay any loan debt back to the USDA.

Subject: Administrator's Report for the August 24, 2020 Council Meeting

- A resident recently submitted a zoning application to permit installing a 10' x 16' storage shed in the rear yard of their home. The request was denied as they had an existing shed (pool house) on the property. We allow one accessory structure on a residential lot, but some communities in the area allow for two, or only limit the total size of all accessory buildings on a property. If you like, I can put this on a Planning Commission agenda for discussion and a possible ordinance amendment.
- 2. PFAS The State has published PFAS limits in municipal water systems. We had samples taken recently. Our samples all showed "non-detect", which is a good result. The Village will need to sample again in late December or January.
- 3. Sue DeVries of the Michigan Economic Development Corporation (MEDC) met with Emily Stuhldreher and me this week to review MEDC programs Shelby might use to improve its downtown. We will keep them in mind when working with the businesses downtown as they consider improvements to their buildings.
- 4. Jodi Nichols, representing the Oceana County Economic Alliance met with me this week (telephone) to discuss economic development opportunities that are available to Shelby when we need them. Jodi is employed by The Right Place, a highly respected economic development arm working to promote and assist West Michigan grow. I will keep in close contact with Jodi to be sure Shelby is aware of any programs that may be available to us.
- 5. I watched the August 19th DNR Trust Fund grant hearing to preview the presentation the Shelby will make at the October meeting. It is helpful to see how others make their presentations and the reaction by the board so we can tweak our presentation in October.
- 6. I had a Zoom meeting with the USDA, Dykema and Fleis & Vandenbrink Tuesday to start the application process for the loan to extend Village Water to the Peterson Property. The Village will incur costs to go through the application process; some of the costs may be reimbursed. A 'hold" has been placed on the process until I confer with you. This project is set for discussion and action under "Old Business" so you can provide me with clear direction.

Shelby Police Report 08/24/2020

Been working well with the new Interim Village Administrator, Bill Cousins. It has been very informational, with open communication on projects needing to be completed and what is needed to make that happen.

I have worked and completed the grant for Coronavirus Emergency Supplemental Funding (CESF), after the review with VA Cousins. The proposal to spend the money allocation with the CESF is also an Action Item. If approved, I will be working on obtaining the equipment with needed installation. Then filing the proper paperwork to receive the reimbursement in a timely manor.

I worked with VA Cousins on gathering information and prices for the process of applying for the USDA Grant to make the purchase of a new DPW F-250 with plow and new Police SUV. This also is being request for an Action Item from the VA.

We are still responding to all complaints in the Village with not much change as reported last month. The Oceana Jail is only taking assaultive or felony prisoners, so we are working with that. Next month we have training coming up for "Search and Seizure with Legal Update" and the fall firearms qualifications. The Bloodborne Pathogens Training is on hold with the social distancing issue per Arlene Kolbe from Lakeshore Hospital.

We been working on clean up of properties in the village. Been successful with many of them with some needed the extra boost to complete. Bill has shared with me his process recommendations and we will see if this can motivate the non-compliant persons or cite them into court. We also have removed 16 vehicles that were no registered, so far.

Chief search is still waiting and last checking have two persons that have applied. The advertisement is posted until August 28, 2020, or until position is filled. My work agreement with the Village of Shelby takes me working through December 2020. We will see who has applied at the end of the month. I will help in anyway and sure there will be a personal committee meeting for the discussion.

Respectfully submitted, Chief Robert Farber Shelby Police Department

Subject: Council Agenda Item 12: Water Main Extension to Peterson Farms

I had a Zoom Meeting with the USDA, our bond counsel and Fleis & Vandenbrink to start the application process for the \$1.1M loan to extend the Village Water system to the Peterson Farms properties on Baseline Road. After that meeting I placed the application process on hold until I received direction from you. My charge has been to not spend any Village funds on this project and that may be an impossible task. Here is what I have learned about the project:

- A. The application process will cost the Village about \$25,500 (see below). Most of the costs may be reimbursed once the USDA loan is issued (but not if the loan is not executed).
 - i. Dykema envisions their work will cost \$12,500 (legal, application prep, prepare council resolutions, attend meetings, provide bond insurance, tax analysis & research).
 - USDA does not charge for their services; however, we will need to pay for notices published in the newspaper (1/4 page at least three times), a bond fee paid to the Michigan Treasury, Cost - \$3,000?
 - iii. Fleis & Vandenbrink will provide the design engineering the project and revise the feasibility study for submittal Cost \$10,000.
- B. The letters from EGLI and MEDC commit \$1.6M grant funding for the project. Both will be reimbursement grants to the Village.
- C. The Village paid \$8,000 for the feasibility Study last October. It was reimbursed by Peterson Farms and EGLI (\$4,000 each).
- D. There was a \$1,036 bill from Fleis & Vandenbrink last March for a consultation regarding the project. I am not sure why, but this was not reimbursed as of today.

E. Lastly, there still needs to be a determination of how the village will handle the loan as we will be the applicant.

I am excited any ready to move this project forward. However, I want the Council to be fully aware of the costs and the process. I ask that Council discuss the report printed above and provide me with direction.

RE: Purchase of Benches, Trash Receptacles, and Bike Racks Downtown

INFORMATION:

The Village of Shelby requests that the Council approve the purchase of 3 bike racks, 2 benches, and 2 trash receptacles for the downtown. Below is a list of where we plan to place those purchases.

- 2 trash receptacles: \$1,143.73

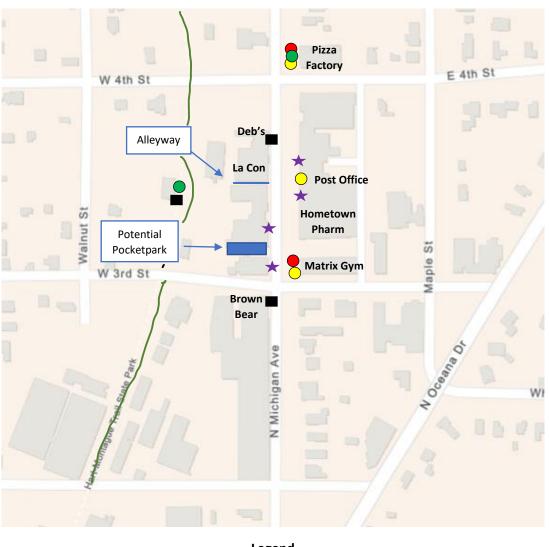

The total cost is \$2,298.18, which is \$1,901.82 under budget.

Subject: Grant Request to Purchase Police and DPW Vehicles

INFORMATION:

The Police Department and DPW need to replace vehicles:

- A. The Police Department's 2014 Ford Explorer has 191,000 miles and is ready to be retired.
- B. The DPW has two 2004 pickup trucks that are all but worn out!

This memo is written to request that the Village Council authorize the Village Administrator to apply for grants to replace the vehicles noted above through a USDA Grant process. After an informal discussion with Katherin Farwell of USDA, the Village appears able to qualify for a grant of 55% of the cost to purchase new vehicles.

FINANCIAL CONSIDERATIONS:

The Village budgeted \$40,000 to replace vehicles this fiscal year. The expected final delivery price (State Purchase Plan) for the replacement vehicles are:

Police - Ford Explorer Interceptor AWD (with all accessories) -	\$43 <i>,</i> 000
DPW – Ford F-250 with Boss plow (and necessary accessories) -	\$36,000
Total for both -	\$79 <i>,</i> 000

If the grant is approved, the purchases can be made without any budget amendments.

RECOMMENDATION:

Authorize the Village Administrator to apply for the USDA Grant for the vehicles. The Village Council will be required to approve the purchase of one or both vehicles prior to any purchase. When the final purchase numbers are known, the Council will be able to act to purchase (or not purchase) the vehicles.

Motion by _	seconded by	to	authorize the
Interim Villag	e Administrator to apply for grants for a new police cruise	r an	d a DPW truck.
Final purchase	e decisions will be made by the Village Council.

The 2020 Coronavirus Emergency Supplemental Funding (CESF) Grant is one where the Village of Shelby makes the purchase, then submits for the reimbursement and is 100% reimbursable. This grant has no matching funds needed. The project end date is September 30, 2020 when all purchases and installations must be made prior to that date. Applicants selected for the grant award will receive a final award letter and grant agreement documents on or before

October 15, 2020. Signed grant agreement documents must be returned by November 20, 2020, via email to <u>MSP-CESF@Michigan.Gov</u>. Reimbursement of funds will not occur until signed grant agreement documents are received by the MSP/GCSD.

The CESF is funded from the United States Department of Justice as appropriated in the Coronavirus Aid, Relief, and Economic Security (CARES) Act.

I am requesting purchase of the items listed above, with allowing me some wiggle room after the major purchases to move money amounts to meet the total grant monies. This is what I sent in for equipment, PPE and the installation of the items. According to the grant, we can move the money around to different line items, as long as it is a qualified purchase. All items in the budget fit the qualified list.

I have spoken to Hain's Special Service II out of Montague, to do our installation of the hardware. This is the same company that installed and completed the new 2017 Ford SUV Interceptor. We have been very happy with their work and are able to get us in under the time restraints for the completion of the grant, being 9/30/2020.

The above listed items were not a budgeted for purchase, but because of COVID, are necessary items needed to allow officers to respond to calls for service, while being safe. This modem will also allow officers to work remotely in the police vehicle, which is an acceptable purchase with the CESF Grant.

If you have any questions about the grant or any of the proposed purchases, I will be present via ZOOM to answer them.

Respectfully Submitted,

Chief Robert Farber Shelby Police Department

MEMO

Date: August 24, 2020

To: Paul Inglis, Village President Village Council Members

From: Bill Cousins, Village Administrator

Subject: Proposed Contract with Disability Network West Michigan (DNWM)

INFORMATION

The Parks, Recreation & Buildings Committee has discussed the need for a review of all Village Parks to determine the level of accessibility, then create budget and time requirements to improve the parks to be more inclusive and to be able to meet Americans with Disabilities Act standards. The Disability Network West Michigan presented a plan to the Committee whereby they would provide an accessibility evaluation of each of our parks and determine what actions are necessary to upgrade them to meet the 2010 ADA Standards for Accessible design. The DNWM would also provide technical assistance and guidance to assist the Village as each park is renovated to meet ADA standards.

The Parks Committee, at their August 3, 2020 meeting, unanimously recommended that the Village Council approve the attached agreement with DNWM for a cost not to exceed \$2,750.00.

FINANCIAL CONSIDERATIONS

The 2020/21 Budget has dedicated \$20,000.00 for contractual services (101-691-818) of which 1,450.00 has been expended as of August 1, 2020.

RECOMMENDED ACTION

The Committee and Administrator recommend approving the agreement as presented by DNWM. A suggested motion is printed for the Council to use.

Motion by _______ to approve the agreement with Disability Network West Michigan for the purpose of improving Shelby Village Parks so they are more inclusive and safe for all visitors to the parks. The Interim Village Administrator is directed to sign and execute the agreement.

COOPERATION BETWEEN THE VILLAGE OF SHELBY AND DISABILITY NETWORK WEST MICHIGAN

Disability Network West Michigan 27 E. Clay Ave. Muskegon, MI 49442 231.722.0088

Village of Shelby Parks

Statement of Purpose

The Village of Shelby and Disability Network West Michigan (DNWM) are committed to upholding the intent and spirit along with the letter of the Americans with Disabilities Act (ADA) and the Michigan Barrier Free Design Rules as incorporated in the Michigan Construction Code and to continue the discussion about and inclusion of Universal Design concepts. With growing recognition that community infrastructure- both public and privatehas influence on the quality of life and health of citizens, efforts are increasing to determine accessibility ratings and report cards. Through this cooperative agreement, Disability Network will help the Village and its customers (a) to meet the minimum requirements identified by the MDNR manual and compared to the 2010 ADA Standards for Accessible Design and (b) to help describe how the community intends to address ADA compliance. This will be accomplished by continuing to provide training and technical assistance to Village staff and volunteers. All of this work is aimed at increasing the inclusiveness and accessibility of our built environment and realizing the ultimate vision of access for all, regardless of ability. This project will allow the Village of Shelby to establish baseline measures to document areas of need and progress made.

Scope of Work

Disability Network West Michigan agrees to perform the following services:

 Provide an accessibility evaluation of each park and recreation facility owned and operated by the Village of Shelby based on The 2010 Standards of Accessible Design and the United States Access Board's guidelines on Recreational Facilities and Outdoor Developed Areas. The specificity of this project is to be dictated by the Village of Shelby and can be either of the following options.

- a. Giving each park/facility a Likert scale score from 1-5, where 1=none of the site elements meet 2010 ADA Standards for Accessible Design, 2=some of the site elements meet 2010 ADA Standards, 3=most of the site elements meet 2010 ADA Standards, 4=all of the site elements meet 2010 ADA Standards and 5=the facility meets the Principals of Universal Design.
- b. A full review of each facility that identifies the barriers present, the standards that applies to those barriers, as well as proposed solutions on how to remove each barrier. The standards used will depend of the facility type.
- 2. Provide follow up technical assistance and guidance throughout the process of designing and renovating each park/facility.

Cost & Reporting

Not to exceed \$2750

Accessibility Reviews of village owned buildings/parks will be billed at \$35 per hour. All time to review buildings, parks, create reports and travel time, will be billed at the \$35 an hour rate. The invoice will include a description of the service provided, e.g. technical assistance, on-site review, or training, along with a report on the work completed and its outcome. The invoices will be sent no more than monthly and the level of detail on these reports will be agreed to by village staff.

Schedule

Start date and deadline to be decided between DNWM staff and the Village of Shelby.
