

# CONGRATULATIONS ON YOUR NEW HOME!

Let our friends at Smart Homz help you get **connected** and **protected**.

## SMOKE & CO DETECTORS

Never assume the existing detectors are up in working order. Have a professional come and evaluate. Smart smoke & CO detectors can send alerts directly to your phone.

## SECURITY SYSTEM

Real time home monitoring that you can access on your phone. Feel safe and secure in your new space and feel like you're always connected to your home.

## HEATING & COOLING SYSTEMS

Ensure your current HVAC system is working properly. Smart thermostats allow you to control your HVAC from your phone.

## LEAK DETECTION

Protect yourself and your investments with instant notifications and remote shut-off capability. Water damage is the leading cause for insurance claims.

## SMART LOCKS

The first and most important thing to do to protect your home is to change your locks. Why not be smart about it?

**Call Smart Homz – they take care of it all.**

Offering a full suite of products and services to help transform and protect your home.

**Enjoy a complimentary in-home evaluation valued at \$250!**

**It's our way of saying thank you for choosing our agency.**
