

LET'S GROW BEAUTIFUL TOGETHER DCFD X NEVADO ROSES PREBOOK PRICE LIST

Please Note: When making an inquiry regarding this price list, please reference it as the NEVADO PROMO

Why Nevado? Because they've set the standard for Ecuadorian rose quality. From the very first cut at the farm to careful packing and shipping, their roses are treated with unmatched care — and now, you can have them direct.

Together, we're bringing you:

- Fixed promo pricing across all varieties from Sep. 1 - December 31st
- Limited weekly availability while production lasts (first come first served)
 - Farm-fresh quality — Fresh-cut in Ecuador straight to your cooler

This is more than just a rose order. It's a story of freshness, reliability, and a partnership rooted in quality and relationships.

HOW TO ORDER

When emailing, mention you'd like the Nevado Promo.

Submit Your Order on Time

- Place orders by Sunday 10PM for Monday delivery
- Place orders by Wednesday 10PM for Wednesday delivery

We Handle the Rest

Roses are harvested, packed at Nevado, and shipped direct for maximum freshness.

Nevado Roses is a Pioneer Company in Ecuador also in matters of environmental care, occupational safety and health, social responsibility projects and above all in the good treatment of all workers.

LOCAL AND INTERNATIONAL CERTIFICATIONS, ENDORSE THE DIFFERENT INTERNAL MANAGEMENT SYSTEMS OF THE COMPANY

Fair Trade and Fairtrade USA

Nevado Roses has been certified as a Fair Trade flower farm since 2002. Based on our responsible and ethical business culture, our employees enjoy excellent working conditions, and our environment is well protected. With Fair Trade – Fairtrade USA, we, as a company, receive a bonus which is a certain percentage of the selling price to our direct consumers. These bonuses are transparently managed and allocated by a democratically elected committee. This latter channel these resources into our different social responsibility projects.

Flor Ecuador Certified

Flor Ecuador is another certification with a socio-environmental scope granted to Ecuadorian flower farms which comply with specific standards. We have been Flor Ecuador certified since 2005 due to applying high environmental standards, occupational safety, and health measures. Furthermore, we are vehemently opposed to child labor. Any employee must be above 18 years of age to join Nevado Roses.

Rainforest

We have been committed to sustainability, which is why we are Rainforest Alliance certified since 2005, continuously contributing to good labor practices along with social and environmental responsibility. Year after year, we are being audited, obtaining excellent results, and thus maintaining the certification due to our responsible management.

Business Alliance for Secure Commerce

Since 2002, we have been part of a secure trade scheme working alongside governments and international organizations. This scheme relies on a control and security management system which facilitates the continuous improvement of security standards.
