Eric,
We'll be there Tuesday morning to install everything.

I'd feel a lot more comfortable to be paid in full once we complete our job. I didn't take or receive a deposit on my doors that are sitting at your shop.

Jay

Good evening guys,
We went the extra mile and moved the entire trailer inside undercover so That you could work in bad weather. The snow is not coming till tomorrow at 11A. M I'd really like to get it going as planned. Once you're inside with the lift you should be fine thank you Eric.

Now after
doors are done!
✓

Good afternoon,
there seems to be some inconsistencies with the pricing and the ordering on these doors on the advice of my attorney I am going to fulfill my contract with Mike and pay him Directly for what's owed on the garage doors everything else is between you two. I did my best to try to Expedite the process but at this point I have to step back.

Eric & Mike,

I have been calling and texting Mike and have not heard back. Is his phone broken? Either way, I do not have time to play games. If I do not receive payment in full by Monday, March 27th, 2023, I will be pursuing legal action as well as other avenues. I have already spoken to my attorney about this.

From the very beginning this job has been an absolute nightmare. I do not know what is going on between EAW Roofing (Eric) and Spectrum Builders (Mike), but you two need to figure it out. I did my part and installed 3 doors and 3 motors after Eric and I spoke about payment. I went out of my way and trusted you Eric, when you shook my hand and promised to pay me in full and said, "I am a man of my word". It is clear that you are not a "man of your word".

My brother owes a very very large "huge" national marketing company in AZ and he going share my experience as a contractor. Attached are some email chains between us all.

Please send this invoice to Mike if there's any issues with him. Then I will pay you but I have a contract to pay him. So he has to approve me to pay you via email directly and I'll gladly do it on the spot.

I sent him quote. already from Cleary shows in email.

EW

And Jay as far as you repeating several times? I'm not a man of my word you told me it was \$365 extra for the doors I get a bill for 3440. So are you a man of your word? Secondly the bill/price that you gave for the doors was way more expensive than what I was quoted from mike because he ordered the wrong doors that's not my responsibility I'm not going to pay thousands of dollars extra for what I was already contracted on.
I am trying to help you and expedite the situation but if you continue to disrespect me. I will block your number, emails etc you have no legal rights to come on to my property Or do anything your contract us with Mike. Absolutely nothing to do with me. (other Avenues is that a threat do I need to contact the police?)
Mike do you see the mess that you've created here? Why don't you step up and do the right thing.

Eric,
I installed my doors and motors on your building off of "your word" that you were going to pay me in full regardless if Mike wasn't going to. So please tell me how I am being unprofessional? I am trying to get paid for my job that I did. How would you like it if this happened to you? As far as me being a man of my word? I never spoke to you or gave you a quote out of my mouth. I forwarded you the direct quote from Clopay via email on 03/15/23. I have been completely transparent and honest from the beginning of this project and somehow I'm the bad guy? As far as Mike goes, that's between the both of you because you made the promise to pay. Clearly he is dodging me or maybe the both of us because at this point I don't know who is telling the truth anymore since neither one of you can keep "your word". No one is physically threatening you. Yes I have to keep repeating myself because it's obvious no one cares that I am out over \$13,000 out of my own pocket while you get to enjoy my new garage doors and motors on your building. Here are the screenshots of me forwarding you the direct email and quote from Clopay with the exact amount on it. Maybe you should've done your due diligence and read the quote in full before you approved of it.

Eric,
I supplied martial, installed and completed insulation of garage doors and motors on your building. I don't give away doors, nor do I work for free just like you wouldn't.

I was questioning about getting paid before I started and you told me in email that you would pay me if I supplied 14' doors and completed job.
My attorney has probably forgot what most attorneys will ever know, so I trust him. Just like you I own lots of property...

But I also need you to cut him a check for \$6000 that I gave you for a deposit 9 months ago. Please confirm I've already left. You a voice message and an email before this with no response.

I need you to pay the \$6000 deposit plus the \$365 (not sure the exact amount) that were extra because the plans you gave him were wrong they were. 12' by 12' and they were extra parts because the doors are 12' by 14'. I will then pay the balance of what is my responsibility for our agreed price.

Also the guys need to come out and finish knocking off the pins and sealing them up. They did the majority have it but still need to finish.

The original quote/contract was for 12x12 doors. The add to make them 12x14 was the difference in Jay's quote. I'll pick up the \$365+.
