

WHY RENT A GOLF SIMULATOR?

Let us help make your next event more exciting and memorable! We can have a "Longest Drive Contest", "Closest To The Hole Contest", or you can play an entire round of golf. Having a Golf Simulator at your event is fun for both players and spectators. If you are planning a Wedding, Corporate Event, Fundraiser, School Dance, or Private Party, we can make your event extra special!

HOW TO RENT A GOLF SIMULATOR

- GO ONLINE OR CALL TO RESERVE A GOLF SIMULATOR.
- OUR STAFF TRANSPORTS THE GOLF SIMULATOR.
- OUR STAFF SETS UP THE SIMULATOR AT THE EVENT.
- OUR STAFF HELPS ALL PLAYERS DURING THE EVENT.
- WE UPDATE THE DIGITAL LEADERBOARD DURING THE EVENT.

Golf SIMULATOR DELIVERED TO YOUR EVENT!

www.RentalsWI.com

We deliver the fun...YOU play!

FEATURES OF OUR *Golf* SIMULATOR RENTAL!

2" Steel Framed Enclosure

Our Golf Simulator is a standalone enclosure meaning it does not need any additional walls or ceiling to be set up. You can set our Golf Simulator up in the middle of a basketball court or backyard! Our enclosure has a Left Wall, Right Wall, and Top Canopy so the balls stay "in" the enclosure!

Huge Enclosure with Huge Screen

Screen measures 9" High x 14' Wide with turf being 15' Long and 10' sides and ceiling. Our enclosure handles Left/Right Handed Golfers up to 6'7" tall.

Turf with Subfloor

Seamless Hitting Strip for Left/Right handed players. This turf is soft and forgiving if you ever hit the turf instead of the ball. Also, putting holes are in the turf allowing the golfer to physically put into a hole if they wanted to.

Our Digital Leaderboard shows who is Closest To The Hole, Farthest Drive, etc. Let everyone compete for the trophy given at the end of the event! Or play a round of golf with friends... YOU decide.

CLOSEST TO THE HOLE

1	Brett F.	1' 4"
2	Aaron R.	1' 10"
3	Bart S.	2' 6"
4	Jordan L.	4' 9"
5	Don M.	8' 2"
6	Lynn D.	8' 11"

Level 3 Projector - 4K Laser

Our Projector is 4,000 Lumens in 4K Resolution so the screen looks like a real golf course. The leaves on the trees move and the waves in the water move! The projector and camera are mounted from the ceiling so there are no trip hazards.

PROTEE VX WITH GSPRO

The best Golf Simulator Camera combined with our fast computer gives amazing graphics and instant feedback (no lag). You will feel like you are on an actual golf course!

* Space needed for Golf Simulator at Event: 15' Long x 14' Wide and 10'5" High if fixed ceiling or 9' 10" High with drop-down ceiling tiles.

HOW MUCH DOES IT COST TO RENT A *Golf* SIM?

Option #1

EVENT PAYS 100% OF COST

Free for players. The Event Host pays the entire cost upfront.

Option #2

EVENT PAYS 50% OF COST

The Event Host pays half of the cost upfront for the Event Entertainment. During the event, players can enjoy a discounted price.

Option #3

EACH DRIVER PAYS INDIVIDUALLY

During the event, users pay for each use of the Golf Simulator.
