MADI communicated, reaffirmed and asserted to Madiba (Human Beings) that "names" are a sacred gift from Rubanga in which our secret Genetics codes, Genes, Numeric Numbers and cultural codes about life are hidden.

And Life had been predestined by RUBANGA. your before and after life records are recorded in your names.

The names“RUBANGA, MADI, LIA, Madi Language, BIBILIA”and other Names meaning and value are derived from Parabele.

The original name of the African Holy Book."Rubanga created man in His own image And all other things else in the Universe". not Evolved as advocated by Charles Darwin, majority of Scientists and others in the theory of Human evolution.

Names that are altered OR changed have no meaning and values. And the Names, MEANING AND value are in The Bibilia, derived from Parabele.

PARABELE.

The phrase Parabele mean Philosophy of Love; Parable of Love; Thinkers Poets of Love and Philosophers between Mountains.

the philosophy that have been underlined and detailed in Madi's Creation revelation story. As such, Life had been predestined by RUBANGA. your before and after life records are recorded in your names. Not by Chance or Randomly as Scientists, Statisticians and Human Evolution advocates have believed in.

And RUBANGA, MADI&LIA WERE THE SOURCES OF HUMAN Genetics, GENES and Numeric Numbers are the Truths about Human, Earth and the origin of the Universe. Knowing the Truths about RUBANGA, never set you free, but you would have to learn and live with Him. Whether you believe in RUBANGA or not, I urged you think again. Are the Human population ready for War, Peace, Healing OR Love!

The MADI Man's Names concept about Human creation enabled me to think beyond the existing human civilizations. As you embark in reading the Book EXCERPTS, you should likewise think beyond current Civilizations. And be free to ask questions such as:

Who is Rubanga and how did He create himself?

How did RUBANGA Create Man from His Image and from the Man's Two ribs a the Woman and all other things else in the Universe were created?

What Language did Rubanga applied in Creations and communicated with what He Had Created.

What are the Ten Commandments?

Are the Seven Days Creations true story?

What is Tree of life?

What is Life and its origin?

What are the sources of Human genetics, Genes and Numeric Number?

What is Energy?

Could creations be proven through Linguistically, Biblically, Genetically, Mathematically, physically...?

Amazingly, THOSE ABOVE QUESTIONS and other YOU TOUGHT were Biblical Fictions embodying religious dogma COULD NOT BE ANSWERED ARE ANSWERABLE.

RUBANGA, MADI&LIA WERE THE SOURCES OF HUMAN Genetics and GENES RUBANGA HAD CREATED IN THE SUDANI, AFRICA would be able to answer what you already know and what you do not know.

The hardest thing to do is to abandon your believes for what you know to what you do not know. What you do know is what you do know.

And What you do not know is what you do not know.

Amid un be known to you is the Truth of Life.

Rubanga is the Truth of life.

In the Truth of life were the source of Black Energy OR Dark Energy from which life begun and all other things else in the Universe.

Relax and continue to read on.

As you continued to read on the Book Excerpts; "Remember! The Human RNA and DNA and Tree of life.

RUBANGA RNA Ni Atapi Labare RNA meaning RUBANGA RNA is Father The creator RNA. And MADI DNA ni MIDO DNA. Meaning MADI DNA is my beginning (MIDO)DNA.

The MADI Man's DNA is the Human DNA. And Trees in the Sudani talks!"

Sudani also mean Male and Sudania mean Female that enabled a Country/Nation being termed "Her".

**MADI LANGUAGE:**

Madi Language is the First human tonal Language in the Universe RUBANGA HAD applied in the Creations and communicated with what He had created. And FROM WHICH OTHER Languages were derived. Madi are indigenous of Sudan.

Sudani, Africa; WAS THE BEGINNING OF human origin, Madi Language, Religion and the cradle of human civilization. The territory of Sudani extended from North to South and from East to West.

The founder of Sudani or Sudania Sudan.

was a man called Madi. Madi mean "Here I'm". The phrase Madi mean, "Here I'm"; Human being; A person; the Language; I trace; I'm flowless; I hunts; I kill; I cooked and Community. And the plural of Madi is Amadi. The phrase Amadi mean, "Here we are".

Historically, Madiba were the first people who inhabited the Earth and the direct descendants from Madi and Lia. Madi community are the children of MADI and LIA.

Madi and Lia were the first Man and Woman who inhabited the Earth and the Universe. And MADI and LIA were the first Human beings RUBANGA had created from His image during the Seven Days creations in the Space in time. As such RUBANGA, MADI and LIA were the sources of Human Genetics, Genes and Numeric Numbers. From the sources of Human Genetics, Genes and Numeric Numbers all other things else in the Universe were created. Genetically, within the sources of Human Genetics, Genes and Numeric Numbers, RUBANGA RNA Ni Atapi Labare RNA meaning RUBANGA RNA is Father The creator RNA. And MADI DNA ni MIDO DNA. Meaning MADI DNA is my beginning (MIDO)DNA and LA meaning LIA reading.

Most importantly, "The MADI'S DNA is human DNA". Structually, RUBANGA RNA is black Triangled and MADI DNA is black Squared the sources of the Black Energy(Dark Energy)was the origin of Life.

And the studies of Biology, Micro-Biology and Human Genetics without the sources of Human Genetics are incomplete. And Human Evolution and natural selection Theory discredited all Religion and undermined Science.

Anthropologically, the Sudanic heritage is the Human heritage. and from which all other Human heritage were derived. Such as Arami's Aramaic; Jews's Masonic; Arabi's Arabic; English's BRITANNICA; Greek's Hellenic and Italia's Italic.

Creatively, they are known as the Negroid, the Sudanic speaking group.

The MADI Man is the "Negro".

The Phrase Negro means Malleable men anchored.

The Malleability Genetically, enabled the creations of diversity of Humanity and all other things else in the Universe. From The MADI Man two Ribs, RUBANGA created LIA, The MADI Woman. And placed them in Equatoria meaning in the curved reserved, the Sudani between Two Nyeri. Today known as Nyeri of Sudani and Kenya, Ematong and Kilimanjaro Moutains In Tanzania.

3 All you who inhabit the world, 'you ho people the earth, when the signal is hoisted on the mountains, you will see, when the ram's-horn is sounded, you will hear.

4 For this is what Yahweh has told me, 'I shall sit here quietly looking down, like the burning heat in the daytime, like a dewy mist in the heat of harvest.'

5 For, before the harvest, once the flowering is over and blossom turns into ripening grape, the branches will be cut off with pruning knives, and the shoots taken off, cut away.

6 All has been abandoned to the mountain birds of prey and the wild animals: the birds of prey will summer on them, and all the wild animals winter on them.

Then, an offering will be brought to Yahweh Sabaoth on behalf of a people tall and bronzed, on behalf of a people feared far and near, on behalf of a mighty and masterful nation whose country is criss-crossed with rivers: to the place where the name of Yahweh Sabaoth resides, Mount Zion"., "From Amerigasi(between the Two Bullied rivers.). Madiba were raided by Slave hunters, captured, Chained like Animals and homes Looted, burned down and shipped to Middle East, North & South America and India Slaves Markets and sold as Slaves.

undeterred by horrific slave bondage, prohibited and barred by their Masters from speaking in their Languages and using their Natives Names. Defyed all odds, experiences in America, the parents were able to cleverly named their son after The Madi Man to "Jamesi Madison".

The Names "Jamesi Madison" Jamesi had had letter I being deleted mean Jamesi mean Fond of talking; Orator, Speech writer and ongoing conversations and conversations about Snow.

and for Madison, the English word "Son"was added that made word Madison appeared English word and once the word Son is removed, the original name MADI is revealed. And refers to what word MADI mean.

Undoubtly, Madison's Parents were Certain The son of Madi man's origin would be uncovered by Madi Community member. Professor, Madison, University of Juba; Southern Sudan was the first to do so.

The son of the MADI Man, James Madison was UNRECOGNIZED the first Black man, to 99become the Fourth President of United States of America from 1809 to 1817.

Interestingly, Madison's daughter Sally Hemings, became the unrecognized second Lady of United States of America and Black Mistress of President Thomas Jefferson.

The Phrase United States of "AMERICA" is a Madi word and English words the United States of were added before it. The Phrase America are Three words: Ame, Ri and Ca are joined to form the word "America".

The phrase "Nigro" mean the knowledgeable man anchor.

From the Sudani emerged all the World Kingdoms. From Sudani to Madi Kingdom. From Madi Kingdom Abyssinia Kingdom to Ethiopia Kingdom, Nyika Kingdom, Mali Kingdom and other Kingdoms to Africa and From Africa to the present States.

MADI communicated, reaffirmed and asserted to Madi community that "names" are a sacred gift from Rubanga in which our secret Genetics codes, Genes, Numeric Numbers and cultural codes about life are hidden. The meaning and value of The Names are in The Bibilia, The original name of the African Holy Book. Derived from Parabele(Philosophy of love, the main body of Religious dogma.

ARABELE:

The phrase Parabele mean Philosophy of Love; Parable of Love; Thinkers Poets of Love and Philosophers between Mountains. The Mountains between Nyeri, Ematong in the Sudani and Kilimanjaro in Nyika Kingdom, Tanganyika now Djibuti, Somalia, Kenya, Tanzania and Mozambique respectively.

From Gobi, China to Lima, Peru; South America. From Siberia, Russia to Mississippi, United States of America; Tokiyo, Japan to Deli, India and Soweto, Azania (South Africa)to Roma, Italia were named by Madiba, the original inhabitants of the Universe. Unfortunately, the Black people around the world have been annihilated and decimated BY CURRENT INHABITANTS. Today, there are over 45 million Black People in Middle East. Majority of Black Men in the Middle East have been castrated and enslaved to death.

The Black Women were allowed to reproduce with their Masters.

And for those who survived the carnage of liquidation, slavery and colonization by the existing communities, Black people were considered unable to tiered, dehumanized, devalued and reduced to butchers such as in Iraq, in the Middle East; Japan in Asia and "Black people in France in Europe are considered to be subhuman and Animals"Policy on languages, Bernard Spolsky is Emeritus Professor at Bar-Ilan University, Israel; page 28, 50 and 76")and Publisher: Cambridge University Press

Rubanga created The MADI man and LIA in His own image and all other things else in the Universe. ("Bibilia, Genesis chapter 1".

Arguably, RUBANGA must have created Himself and from His Image He created MADI and LIA.

RUBANGA self-creation from nothing is the most fascinating portion of the Creation order. Presumably, the above Biblical notion of creations could only be validated and asserted, unless how and where Human beings have originated from Africa are also inextricably linked with the origin of Vudri, Vua and Bua meaning the Earth, Universe and the Heaven. Ultimately, RUBANGA Bua, Vua tro Vudri Tcidro satro. Meaning RUBANGA who is in the Heaven, in the Universe and in the whole World was finally achieved.

If the above Biblical statement is to be validated and held true, Intuitively and logically, Beroninga meaning Human Knowledge, Dini Lai meaning Religious Dogma and Madi Ido ka meaning Human origin must be retraceable back to RUBANGA.

RUBANGA Ni Madi Loku Ree. Meaning RUBANGA is Living Human and The Truth.

Human Creation and Human Evolution have been the most controversial, divisive and Elusive issues that confronted Humanity.

Charles Darwin, majority of Scientists and Human Evolution advocates unanimously agreed that Human beings had evolved from Monkey, Apes to Human beings. Though no Data are available that supported Human Evolution. Human Evolution were simply based on Bones fossils records observations without the sources of Human Genetics codes, Genes and Numeric Numbers of the Bones fossils records to support the observations.

Human Evolution advocates and majority of the Scientists believed that Sciences are the solution to problems being faced by Humanity while they are not. Other Scientists even have illusion of being RUBANGA(GOD) Atheists absolutely agreed with the illusion and Chinese Confucianism added to Human dilemma. "Chinese Confucianism, Confucianism, also known as RU OR Ruism, is a system of thought and behavior originating in ancient China. Various described as tradition, a philosophy, a religion, a humanistic or rationalistic religion, a way of governing, or simply a way of life, Confucianism developed from what was later called the Hundred Schools of Thought from the teachings of the Chinese philosopher Confucius. Confucius considered himself a recodifier and retransmitter of the theology and values inherited from the Shang" [HTTPS://WWW.BRITANNICA.COM/](https://www.britannica.com/)

And The phrase "RU OR RUISM" The information from [HTTPS://WWW.BRITANNICA.COM/](https://www.britannica.com/) in Madi Language mean: Name, Body and Spirit are the first Two genetics code of RUBANGA, the creator. It's therefore not a coincidence from the Chinese's Ruism Philosophy, Confucianism was derived.

Though different, Chinese symbols(Alphabets) followed Madi Abatca(Alphabets) Language pronunciation.

Contrary, Human ingenuity and creativity is half or 0.5 that of RUBANGA(GOD).

no Human being under any circumstances would be Superior to Rubanga.

The ongoing World Religious Leaders, Atheist, Scientists and many others attempted effort to unraveled the mystery of the Universe without understanding Human origin and the vital role

Humanity played in the origin of the Universe; simply reaffirmed Human inability and limitation to comprehend who we really are in the Universe.

For all the Religious leaders and those who believed in The Creator, and The Creator created "man in His own Image and all other thing else in the Universe". You are in the right paths except you do not know the name of your Creator. Your minds are clouded by distortion, misinterpretation of knowledge copied from Bibilia, the original African Holly Book. And Human evolution and Natural selection Theory believers discredited all Religion and undermined Science. And made other pathologically passive habitual liars and deceptionist.

By applying MADI Theory of Human Creations (MATHC)Hypothesis; Human evolution and Natural selection Theory is re-examined against RUBANGA, MADI and LIA were the sources of Human Genetics, GENES and Numeric Numbers compared. Human evolution and Natural selection Theory were simply based on Bones fossils records observations without the sources of Genetics, Genes and Numeric Numbers of the Bones fossils records to support the observations. When Human Genetics, GENES and Numeric Numbers are applied in Human Creations and all other things else in the Universe, compared and contrasted to Human evolution and Natural selection Theory.

The Human evolution and Natural selection Theory conceptual framework from Monkey, Apes to Human beings become irrelevant and discredited.

What Scientists have failed to grasped and comprehended that Sciences are just parts and parcel of disciplines in the Creations order. Creations Oder that included all other Disciplines of Human Civilization known to Mankind.

The failure of World Scientists in grasping, comprehending and coming to terms with Sciences inability in explaining who we are in the Universe added to further confusion and contradiction of existing Human civilization in One Dimension. A Contradictions, unless rectified would continually hinder Human ability in going forwards. All the past and current civilizations were copied from Bibilia, the original African civilization. From Ancients Mesopotamia; Jews, Judaism; Christianity of Western civilization; Arabs Islamism; Persia; India's Hinduism; Japanese, Budism; Chinese's Confucianism that got abused, falsified, misused and, missinterpreted and destroyed By Iraqs Mesopotamia; Jews Judaism; The Roman Empire; The Greeks; Arabs; Persian Empire; Ottoman Empire; British Empire; The Dutch; Spanish; Portuguese; and Indians subsequent Batter Trade, Education, slavery and colonizations of Madi Kingdom, Abyssinia Kingdom now Sudan; Ethiopia and Missiri now Egito(Egypt).

Nyika Kingdom, now Djibuti, Somalia, Kenya, Tanzania and Mozambique and Mali Kingdom from Spain and Portugal in the North excluding Missiri, the Sudan and Ethiopia. And all the Western and Southern African states.

Any Human civilization INSTITUTED on lies, deception and deceit would eventually ceased to exist and so did many others.

Intuitively, there is no Science that could tell us more about Human origin and the Universe, than RUBANGA creations as embodied and asserted in "BIBILIA". BIBILIA ani Buku Dini dri ati ree. BIBILIA, the African Holly Book was the first faith based Book on Religion.

Dini lai enga Dini gasi. Dini lai a dru Parabele. Parabele a gasi ido Lidri Kwe. meaning the Religious dogma were derived from Dini.

and Parabele meaning Philosophy of love is the MAIN BODY of Religious dogma. And from Parabele meaning Philosophy of love, Tree of Life begun.

Dini meaning Religion. Dini(Religion) constituted the complete knowledge in BIBILIA (the African Holly Book)." Rubanga created man in His own image and all other things else in the Universe("BIBILIA, Genesis chapter 1"

Rubanga creation were based on the conceptual frameworks of Leba, Bibile and Tubu.

The phrase Le and Ba are two words joined to form Leba meaning Love of the people; Love of creation; Love of placement; Love of Home and Bushbuck symbolized creations.

The phrase Bibile are two words, Bibi and Le joined to form Bibile meaning Cycles of Love; Cycles of leaves Love; Bottom up Love and Bats Love symbolized creations. And the phrase Tubu are two words, Tu and Bu joined to form Tubu.

Tubu meaning Building Block used for constructions; Tubu meaning entered into Cycles; Tubu meaning Ascend into Universe; Tubu entered into The hole; Tubu meaning ascended into the Heaven; Tubu meaning The hole in the Universe:

The creation Order variedly operates on Conceptual frameworks of Two Tubu meaning Building Blocks.

The scope of Building blocks, quite beyond the comprehension of most World Scientists.

RUBANGA, MADI&LIA WERE THE SOURCES OF HUMAN Genetics and GENES RUBANGA HAD CREATED IN THE SUDANI, AFRICA, was the beginning of the Universe, Earth, Human origin, Dini and African civilization.

Chapter One, question one Where and how Human being have originated from Africa? introduces the Universe, Earth, Human origin, Dini(Religion), Nile(Knowledge of Love) and African civilization. Chapter one question one also revealed The Mystery of Creation Order.

Interestingly, the Contradictions in Dini Lai meaning Religious Dogma about Human Creation and Human Evolution have been addressed head on.

**\*\*Cautions to the readers:** As you embark on understanding the most exciting Mystery of Human Creations and all other components in the Universe, how they are inextricably linked with one another in the creations order in the Three dimensions.

RUBANGA do not need Samples Data and Hypothesis to create. MADI Theory of Human Creations (MATHC)Hypothesis was added to enable the readers easily grasp and comprehend how the various disciplines perfectly fitted and merged into the Creations order.

Creations Oder that included all other Disciplines of Human Civilization known to Mankind.

no prior specialty is therefore required to understand the Creations. Whether you are Bibilia, Bible Believers, Historians, Philosophers or Biologists etc. You would be able to easily read and comprehend the basic knowledge of creations.

By applying MADI Theory of Human Creations (MATHC)Hypothesis.

MADI Theory of Human Creations (MATHC)asserted that  $R + ML(\text{Squared}) = \text{Two Madiba}$

The Three variables = 2 denoted: RUBANGA plus MADI&LIA(Squared) = Two Madiba.

$R + ML(\text{Squared}) = 2$ . Expressed the relationships between Rubanga, Madi and Lia; the Three variables and Human population that constituted in the creations in the Three dimensions.

Genetically, from the Three Names: RUBANGA, MADI AND LIA WERE THE SOURCES OF HUMAN GENETICS, Genes and Numeric Numbers are as detailed below:

1. RUBANGA:MADI:LIA:

RUBANG:MDI:L:

RNA:DNA:LA:

RA:MA:LA:

$R + ML$ :

2. RUBANGA:MADI:LIA:= 14

RUBANG:MDI:L:= 10

RNA:DNA:LA: = 8

RA:MA:LA: = 6

$RA + MA\&LA = 6/3A$

$R + ML(\text{Squared}) = 2$

"A brief history of genetics and human genetics discoveries (Table 24.1)

"The field of genetics had been initiated by the work of Gregor Mendel who in 1865 proposed the basic laws of heredity based on the observations from breeding pea plants" This was followed by a number of other hallmark discoveries such as

"Thomas Morgan's experiments in 1910 with

the fruit fly (*Drosophila*) that revealed the existence of the sex chromosomes and confirmed that genes reside on chromosomes "In 1944 Oswald Avery, Colin Mcleod and Maclyn McCarthy discovered that DNA, and not protein, was the hereditary material in most living organisms Sugar Phosphate Nitrogeous Backbone Bose pair base

"The DNA helical structure identified by Watson and Crick in 1953. It was the work of Watson and Crick however that heralded the field of the 'New Genetics' by determining that the DNA

molecule must have a helical structure to enable the replication of DNA in cell division. "The initiation of the

Human Genome Project (HGP) in 1990, established as an international research effort with the goal of producing a variety of biological maps of human chromosomes and determining the complete chemical sequence of human DNA: the substance that makes up genes. All the genetic material in the cells of a particular living organism is referred to as its genome. The human genome thus describes all the genetic material found in a human cell." MADI DNA ni MIDO DNA. meaning MADI DNA is MIDO DNA. Most importantly, Madi was the Language of creations and MIDO DNA meaning My starting/Nucleus Human DNA. RUBANGA meaning God's Creation therefore were the Foundations of the Universe, Earth, Human Creation, Madi Language, Dini lai meaning Religious dogma, Nile meaning knowledge of Love and African civilization. "Rubanga (God) created man in His own image and all other things else in the Universe" Bibilia, Genesis chapter 1", "Izayia, Chapter 18:; Verse 1-6;" 'Disaster! All men are created equal, Declaration of American Independence 1776; Thomas Jefferson"). Not by Human evolution as Stated by Charles Darwin and supported by majority of World scientists or other believes.

"The History of Evolutionary Thought, From their experience as naturalists, Darwin and Wallace realized that the individual members of a species often differ from one another in form and function. Further, which individuals die in each generation is not arbitrary but depends to some extent on the structures and abilities of the organisms. This observation was the source of the theory of evolution by natural selection. As Wallace put it, "those which, year by year, survived this terrible destruction must be, on the whole, those which have some little superiority enabling them to escape each special form of death to which the great majority succumbed." Here you see the origin of the expression "survival of the fittest." That "little superiority" that confers greater fitness might be better resistance to cold, more efficient digestion, or any of hundreds of other advantages, some very subtle. Everything now fell into place. Darwin wrote: "It at once struck me that under these circumstances favorable variations would tend to be preserved, and unfavorable ones to be destroyed." February 11, 2009 On Darwin's Birthday, Only 4 in 10 Believe in Evolution Belief drops to 24% among frequent church attenders by Frank Newport PRINCETON, NJ--

On the eve of the 200th anniversary of Charles Darwin's birth, a new Gallup Poll shows that only 39% of Americans say they "believe in the theory of evolution," while a quarter say they do not believe in the theory, and another 36% don't have an opinion." "There is a notable difference between the opinion of scientists and that of the general public in the United States. A 2009 poll by Pew Research Center found that "Nearly all scientists (97%) say humans and other living things have evolved over time — 87% say evolution is due to natural processes, such as natural selection. The dominant position among scientists — that living things have evolved due to natural processes — is shared by only about third (32%) of the public." <http://www.people-press.org> "Nearly every scientific society, representing hundreds of thousands of scientists, has issued official statements disputing this claim<sup>121</sup> and a petition supporting the teaching of evolutionary biology was endorsed by 72 US Nobel Prize winners. Additionally, US courts have ruled in favor of teaching evolution in science classrooms, and against teaching creationism, in numerous cases such as *Edwards v. Aguillard*, *Hendren v. Campbell*, *McLean v. Arkansas* and *Kitzmiller v. Dover Area School District*.)

(In 1986, an amicus curiae brief, signed by 72 US Nobel Prize winners, 17 state academies of science and 7 other scientific societies, asked the US Supreme Court in *Edwards v. Aguillard*, to reject a Louisiana state law requiring the teaching of creationism (which the brief described as embodying religious dogma). This was the largest collection of Nobel Prize winners to sign anything up to that point, providing the "clearest statement by scientists in support of evolution yet produced.").

MADI Theory of Human Creations (MATHC) asserted that RUBANGA plus MADI&LIA(Squared) = Two Madiba.

R + ML(Squared)= 2. Expressed the relationships between Rubanga, Madi and Lia; the Three variables and Human population that constituted in the creations in the Three dimensions.

Mathematically, Rubanga Equation (RE)  $R + ML \text{ squared} = 2 \text{ Madiba}$ . were the Human building block of creations. The Human building block variedly applied in the Space in Times in Creations Cycles constituted THE Creations in the Three dimensions

## Background and Objectives

Massachusetts Institute of Technology  
[www.mit.edu](http://www.mit.edu)

From MADI Theory of Human Creations (MATHC), RUBANGA, The Madi language, The Biblia (The Bible), Dini meaning Religion, Dini lai meaning Religious dogma, Parabele (Philosophy of love, Parable), Eno (Architecture and Artistic design), Biology, Chemistry, Mechanic, Physics, Mathematics, Statistics, Bu meaning Cosmology Anthropology and Beroniga meaning Ancient History are Disciplines in the Creations order. As such, the status of Human Being within the Creations Cycles is relative to its Creation Cycles. Meaning the position of Human Being is just a point within the Creation Cycles relative to others in the Creation Cycles. and as a result, Atcika didi meaning wide Red spread Cosmic Spectrum of Energy Rays are discharged and depicted in the Universe. The cosmic spectrum or Heavenly Energy Rays we had observed and continued to observe are the periodic emission of the Energy discharged during regeneration of all the building blocks in the Creations Cycles.

No need to be constantly burned to discharge Energy as stated in Robert Einstein's General Theory of relativity. Mass times Constant Squared = Energy.

And the Mathematical module in Einstein's General Theory of relativity is inadequate to define Energy. Mass times Constant Squared = Energy.

The existing World Civilization in One dimension is therefore too inadequate to usher Humanity in the right dimension.

As such, an African Civilization is needed to usher Humanity in the right dimension.

2. Are we created equal in Rubanga's Image as attested in the BIBILIA OLE REE meaning The Holy Bible? or by Evolution as stated by Charles Darwin, supported by majority of World Scientists and other believes?

### 3. Who is RUBANGA and how did He create Himself?

4. Which one of the African Languages Rubanga had applied in Creations, Communication and feedback with the people Rubanga had created in the Space in Time?

And much more...
