### ABOUT US

Sentinel Fence & Contracting is a self-performing hard security contracting company specializing in projects throughout the US. We take great pride in delivering high security perimeter fencing, high-tech gates, and barrier protection wherever and whenever it is needed. We are honored to be a leading business in providing safety and security through quality workmanship with a committed team that delivers on time and on budget with every project.

### GSA Offering

We are proud to announce that Sentinel Fence & Contracting is now a GSA Contract Holder for Schedule 84. We are excited to work very closely with our most trusted manufacturers to provide the federal marketplace the tried and true materials at aggressively competitive pricing.

Our materials have been used all over the country for a variety of projects including Military Bases, Correctional Facilities, Airports, Power Generating Facilities, Substations, Hospitals, Schools, Renewable Energy Facilities, and many others.
