

SCRIPTURE: PSALM 1

NOTES

Blessings for Those Who Choose Wisely:

If you don't take advice from the wrong people, stay away from those who do wrong, and don't join in making fun of serious things, you're in a good place.

Love God's Guidance:

Instead, enjoy learning from what God teaches, and think about it all the time, like your favorite song playing in your head.

Life is Like a Strong Tree:

- You'll be strong and fruitful, like a healthy tree planted by a stream. But those who do wrong are like dry, useless husks blown away by the wind.

Trouble Ahead for the Wicked:

- When it's time for judgment, those who do wrong won't do well, and they won't be part of the group of people doing what's right.

God Takes Care of the Good People:

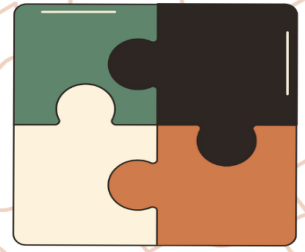

- God watches over those who do the right thing, but those who choose the wrong path will end up with nothing.
