

*The
Woman's Club
of Hermosa Beach*

The General Federation of Women's Clubs (GFWC) was organized in 1890, bringing together various women's clubs from across the country, and chartered by Congress in 1901. GFWC is international in scope, with over 100,000 members in more than a dozen countries, united through the common purpose of community service.

The California Federation of Women's Clubs (CFWC) is divided into 21 districts with a membership of more than 12,400 in 267 clubs. Their objective is to unite the influence and enterprise of California members to carry on the clubs' projects of education, moral, social welfare and civic interests.

Because we are so diversified, there is an area of interest for almost everyone. Our International, State and District levels offer the member leadership training, current information on vital issues of the day, and an opportunity for developing our talents to the fullest.

THE WOMAN'S CLUB OF HERMOSA BEACH was founded in 1921 and became affiliated with the General Federation of Women's Clubs in 1923.
