Cyclic Maintenance on A419/A417

We are planning essential maintenance at A419/A417. These works will affect various sections of the A419/A417 as noted below, the remaining sections of the A419/A417 outside of the works area shall operate as usual.

What work is being carried out?

Cyclic maintenance includes a series of planned routine activities required to be undertaken on the network to maintain the safety, functionality and appearance of the A419/A417 network. These works typically include grass cutting, gully cleaning and vegetation management.

What are the benefits to road users?

Our work reduces interventions, so the road remains open thus reducing delays and improving journey time reliability. Also, it will provide a safer and smoother journey for road users.

When and where will the work be carried out? (Traffic restrictions – check before you travel)

There will be **night closures from 20:00 hours until 06:00 hours the following morning** on the following dates:

- A419 Closure between Burford Road Interchange and Spine Road Junction (Diversion Route 6 SB) – **Monday 2nd June & Tuesday 3rd June**
- A417 Closure between Burford Road Interchange and Air Balloon Roundabout (Diversion Route 3 SB) – **Wednesday 4th June, Thursday 5th June, Friday 6th June, Monday 9th June, Monday 16th June and Tuesday 17th June**
- A417 Closure between Burford Road Interchange and Air Balloon Roundabout (Diversion

Route 3 NB) – **Tuesday 10th June, Wednesday 11th June, Thursday 12th June, Friday 13th June, Monday 16th June and Tuesday 17th June**

- Closure of M5 Junction 11A and A417 Closure between M5 Junction 11A and A46 Shurdington Road Junction (Diversion Route 1 SB) – **Wednesday 18th June**
- A417 Closure between A46 Shurdington Road Junction and M5 Junction 11A (Diversion Route 1 NB) – **Thursday 19th June**
- A417 Closure between Air Balloon Roundabout and A46 Shurdington Road Junction (Diversion Route 2 NB & SB) – **Friday 20th June and Monday 23rd June**

Please note that the A419/A417 will be fully operational as usual outside of the specified hours. Diversion routes will be signed, and signage will also be in place before the start of works as a reminder.

Property access

Should access to your property be required, traffic management personnel will make every effort to facilitate this. However, some delay may occur while safety measures are implemented to allow safe passage through the work site. A contact number will be provided at the closure entrance for assistance.

Noise disruption

Due to the nature of the work we are carrying out there will be times when the work will cause some noise disruption. Every effort will be made to keep the noise to a minimum and we will plan the work to take place at times which will cause least disruption, but please note that this will not always be possible.

Diversion routes

The proposed diversion routes for the closure are outlined below. Please refrain from following satellite navigation systems and instead adhere to the signed diversion routes, which correspond to the diversion maps enclosed with this letter and are clearly marked with diversion symbols at the start of the diversion route (e.g. for Diversion Route 1 Northbound, follow ).
