

# GENERIC REPLACEMENT BLADES

## 45° BLADE

Equivalent to the fine point & bonded fabric blades. Used to cut thin to medium materials like paper, cardstock, vinyl, iron-on, bonded fabric & more.

### FINE POINT BLADE

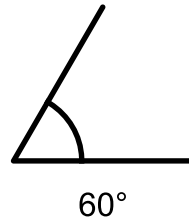

### BONDED FABRIC BLADE

### DEEP POINT BLADE

## 60° BLADE

Equivalent to the deep point blade. Used to cut thicker materials like craft foam, magnet sheet, heavy cardstock, stiff felt, foam sheet & thin cardboard.

### NO EQUIVALENT CRICUT BLADE

## 30° BLADE

Cricut doesn't make an equivalent blade. Used to cut thin materials like washi tape, rice paper, freezer paper, butcher paper & thin copy paper.
