

# BEMER Equine Research News

## ABOUT THE BEMER HORSE-SET

- ~ BEMER stands for Bio-Electro-Magnetic-Energy-Regulation
- ~ Leading global innovator in PEMF technology
- ~ Founded in 1998 - headquartered in Liechtenstein
- ~ 13 years in the USA - headquartered in Carlsbad, CA
- ~ Developing equine products since 2000
- ~ Multiple international patents
- ~ Winner of multiple scientific and design awards
- ~ Proprietary signal configuration
- ~ Used by leading professional equestrians worldwide
- ~ Veterinarian recommended
- ~ FDA registered animal medical device (Equine)
- ~ FEI approved supportive therapy device
- ~ A+ rating from the BBB

## Equine Back Pain RESEARCH

Back pain is one of the most prevalent issues among working horses. That's why here at BEMER, we make it our mission to help optimize your horse to help them feel and perform better. Here are just a few of the benefits highlighted by Dr. Melissa King in her research study "Investigating the effects of Bio-Electromagnetic Energy Regulation (BEMER) on back pain in horses."

- Reduces muscular back pain in horses<sup>1</sup>
- Improves functional movement in horses<sup>1</sup>
- Improves postural control in horses<sup>1</sup>
- Improves spinal flexibility in horses<sup>1</sup>

(2021) „Effect of Bio-Electro-Magnetic-Energy-Regulation (Bemer)-Horse Therapy on Cardiopulmonary Function and Recovery Quality after Isofluran Anesthesia in 100 Horses Subjected to Pars-Plana Vitrectomy.“ Vet Surg, doi: 10.1111/vsu.13672

## Stallion Performance RESEARCH

A new study consisted of user observations of the BEMER Horse-Set with 29 stallions over an 11-month period and documented the effects of BEMER Equine Therapy on horse breeding. Featuring: Dr. Hermann Josef Genn, FEI Veterinarian & Bart Kools, Inseminator at Schockemohle Breeding Station

## General Anesthesia RESEARCH

A standardized double-blind study with 100 horses was conducted over a period of 1 year. The study proved that the BEMER Horse-Set improved microcirculation under general anesthetic? Featuring: Dr. Med Vet. Stephan Leser, Head of Ophthalmology, Hanse Equine Hospital & Dr. Med. Vet. Oliver Brandenberger

The BEMER Horse-Set does not replace treatment and care of an injury or disease by a veterinarian. A veterinarian should be consulted prior to use of the BEMER Horse-Set for any medical condition.

These spokespeople may have been compensated for their testimony. Individual results may vary and you may not achieve the same results. This device is not intended to diagnose, treat, or prevent any disease and you should consult your own healthcare or veterinary provider for any medical issues.

# Professionals love BEMER

Better Circulation. Better Health. Better Horse.

## Boyd Martin

Olympic Eventing Athlete

"Every day we train these horses very hard, and I need them feeling in tip-top shape for their competitions and next day's training. BEMER really helps with their recovery and circulation and it's really made a difference."

## Doug Payne

Olympic Eventing Athlete

"When I was first introduced to the BEMER Horse-Set, I immediately knew this was a product I could stand behind. All of my horses use the BEMER Horse-Set to support their training and competition efforts."

## Tom & Cade McCutcheon

World Champion Million Dollar Reiners

"Our horses work hard and BEMER is a valuable tool to help them recover faster with improved endurance to be ready for the next event!"

## Jessica Springsteen

Grand Prix Winning Show Jumper

"I have seen the BEMER Horse-Set in action and it's truly a unique product that supports our horses' recovery, circulation and relaxation – thus improving their performance in the ring."

## Victoria Colvin

USHJA International Hunter Derby Champion

"Horse showing can be hard on horses and having the BEMER Horse-Set available to help them relax and recover is amazing. I am thrilled to be a part of the BEMER team because I truly believe in the product."

## Yvonne Losos de Muniz

Olympic Dressage Athlete

"After over twenty years at the top levels of my discipline, I will only use the best resources for my horses' well-being. The BEMER Horse-Set and the proven PEMF technology it uses is excellent in helping with the recovery and fitness of my equine athletes, allowing for much better results in training and in the competition ring."

## Beatrice de LaValette

Para-Dressage Athlete

"Since receiving the BEMER Horse-Set, my horses have been having a session every morning before work. The difference has been really amazing. They are more supple, more relaxed, but more importantly, more ready to work in a shorter period of time."

## Brandon Phillips

Professional Polo Player

"I am very excited about my new partnership with BEMER. It was a new product for me, but after using it on several of my horses for the last month, I have learned a lot and have seen the rapid improvement of my horses."

## Mavis Spencer

Grand Prix Show Jumper

"I am really excited to join the BEMER team after using the product for the past four years. I bought my BEMER for my horses in 2016 and immediately noticed a big difference. They were all much more relaxed and supple through their bodies and recovered more quickly after big classes."

## Martha Josey

WPRA, AQHA and NBHA World Champion and Cowgirl Hall of Fame Honoree

"My husband R.E. and I are thrilled to be part of the BEMER team! We ask a lot from our equine partners, so we want to give them the best. Barrel horses train a lot, so we are glad to have our BEMER Horse-Set to help them get ready for their next trip down the alleyway."

## Dr. Hermann Josef Genn

Veterinary Surgeon specializing in equine medicine

"By using the BEMER Horse-Set, horses display quieter behavior and have a greater tolerance of stress, especially in new surroundings and show significant improvement in getting up safely after surgery."

## Dr. Katarzyna Zukiewicz

Equine Veterinarian

"The BEMER Horse-Set is an integral tool that I use often in my practice. BEMER's proven technology provides meaningful results for my clients and I have found it to be unrivaled in its ability to treat multiple problems that can occur with the competitive equine athlete."
