Hello All,

I want to work with you in a UNPAID capacity. Working 100% gratis, I could be emailed assignments that I would then complete.

I want to prove myself.

Should the quality of my work prove to be acceptable, we can then discuss a salaried arrangement .

I present my both my website [John Eisenhauer's Writing Project](#) and my essay page [John's Substack | John Eisenhauer | Substack](#) as a portfolio of my growing body of work.

I am a 64 year old adult who is changing his career...changing his life.

My career development was hampered by *past* drug and alcohol problems. I also am an epileptic & have cerebral palsy: this contributed to life's challenges, but I wouldn't give up.

2024 has proven to be a very consequential year for me: it was a high water year in my personal development.

[Decades of my life](#) was given over to some fairly thorny problems with alcohol and drug issues. The latter was not recreational (primarily) but an over prescription to an extremely powerful drug by a factor of 600%, which gave rise to some fairly intense emotional issues. The pernicious effects definitely compromised my ability to achieve my goals.

*While a challenge, I have worked through it: achieving clarity of mind.*

For decades, I suffered intense [side effects](#) caused by the [overprescription](#): suicidal ideation, depression, acute confusion, behavioral disorders.

*But I worked through it.*

The past 5-7 years have been dedicated to some phenomenal personal growth and change.

A result of this positive development has been my [online writing project](#) which includes [my essays](#) and a partially completed novel *Brandon Gets His Big Break* (I am posting the chapters as written). My essays are mostly philosophical with a few political ones sprinkled in.

My online writing is a portfolio of my writing ability: it shows my talents, focus and tenacity (as I have been working on it for nearly two years). I have been using it to develop my long term career goal (working with a politically enlightened entertainment enterprise in Hollywood).

Every time I posted a new piece of writing – an essay or a chapter to my free online novel [Brandon Gets Big Break](#) – I did a round of outreach to specific figures in the entertainment industry through social media: Threads, Facebook & Instagram. These pieces of outreach has used videos personalized to the target individual:

My 3 most recent essays are: [On Trump, Religion, and Power](#), [The godless God, the Devil and Honor](#) and [The godless God & the Rise of Fascism in the United States](#).

I am currently focused on a short term goal of working with a non-profit assisting with grant writing.

I currently work a blue collar job. Yes, it is honorable and pays the bills. However, I cannot imagine something that is less suited to my temperament and abilities. Frankly, it is indescribably frustrating.

I want to be a professional. But my resume is really horrible. Given a past seriously compromised by the aforementioned issues, my history simply does not reflect my potential or passions.

My present is locating a potential employer.

Having pointed to my online writing which shows my ability, focus and tenacity, I now want to prove myself to you: I want to do that by working for you on an unpaid basis.

I want the Acme Nonprofit to be a part of my future.

Please give me the opportunity.

Namaste & Shalom

John Eisenhauer
