We provide CPR certification classes to all members and as required for EMT classes. All NJ EMT class schedules can be found at <https://njiems.njlincs.net/jsp/rfm/catalog.jsp>. Classes consist of 200-250 hours of classroom instruction and hands-on skills training. There may be an additional 10 hours of Emergency Department observation. The first attempt at the class is paid for through the NJ State Training Fund, accepted by many training locations. NJ EMT certifications must be renewed with 48 hours of training every 3 years. NREMT certifications must be renewed with 40 hours of training every 2 years.

Meetings are held on the second Tuesday of each month at our headquarters.
