# About Us

Footprints On My Heart, Inc. (FOMH) is a 501(c)(3) non-profit organization dedicated to providing services to parents and their families who have suffered a miscarriage, perinatal, or infant loss. We are there from the moment Mom gets the news of her loss to help her navigate through what is to come. We provide many services to our families. We are a resource and support for families while helping them obtain services they will need.

*"The littlest feet make the biggest footprints in our hearts"*

## Raynna & Donald Hammon

---

Providing resources to our community during their time of loss is key. Footprints On My Heart does just that; we are there from the moment the families receive the tragic news that their baby has passed away. We stand beside them, guide, and lift them up.

# The Founders

Three months after the tragic loss of our sweet Jaxon Thomas, my family and I brainstormed on how we could keep Jaxon's legacy alive.

We knew we could make the most impact by helping parents and families who are going through the same heartache as our family experienced. Footprints On My Heart is the best way to pass along our collective resources and help take out a little bit of the confusion and unknowns from the parents and families in that upside down world. Even though Jaxon Thomas's moments on this earth were short, my hope is that Footprints On My Heart will help memorialize him, making his legacy last a lifetime, the lifetime that he wasn't able to spend here on Earth.

# A letter from the President & Vice President

Raynna & Ashley

We want to start off our annual report with extending our gratitude to all our donors. Without you, Footprints wouldn't be able to supply our services to our families for free, and we wouldn't be able to have the funds for the resources we use daily.

Volunteers, where do we even begin? We wouldn't be able to function and have successful events without your support. You are hands on in everything we do, and we thank you.

To our loss families, you will always hold a special space in our hearts. We want to thank you each for trusting and confiding in us during your unimaginable journey.

To our board members that have become our family, you are our voices of reason and keep us level headed when our passion sometimes clouds our judgement.

*With love,  
Raynna & Ashley*

I've had child loss before but this time it hit differently. I felt more alone than ever! When I met FOMH I realized I wasn't so much alone anymore! They are actual women who went through what I went through. They are understanding, genuine and comforting! I couldn't have gotten through the loss without FOMH community of lost mom's
