 E-MAILED
2/2/17

Referring to the upcoming deposition of Glenn Treibitz on February 14, 2017:

I note that there have been a series of document productions by you, and some of them may have been by mail and not email. Also, I note that Bates numbers have not been used.

Therefore, in order to clarify the situation I have assembled all documents which you have produced and have numbered same. These are sent to you herewith. This does not include the file history of the Trademark Registration which you attached to your Initial Disclosures.

Please advise if any documents are missing and if so, please email me copies thereof. In this way, we will have a complete set of produced documents for the Deposition.

Thank you,

Michael
