CAT Basics:

COURSE DESIGN

The course shall be designed with safety for all breeds as a primary consideration. There shall be no turns more acute than 90 degrees. The total length of the course shall be no less than 600 yards and should be as close to 600 yards as possible. Dogs run singularly in

Coursing Ability Tests. Depending on the size and breed of dog, the dog will run either the full course or a 300-yard course. The 300-yard distance shall be clearly marked. Safety is of utmost importance. The judge is responsible for walking the course prior to the start of the event in order to look for hazards.

DISTANCE AND MAXIMUM TIME

300-Yard Course – This distance is for dogs shorter than 12 inches at the withers and/or brachycephalic (“flat-faced”) dogs. A veteran dog may run 200 yards at the owner’s discretion. A dog must complete this course in less than 1 ½ minutes. 600-Yard Course – This distance is used for all dogs that do not run the 300-yard course. A veteran dog may run 400 yards at the owner’s discretion. A dog must complete this course in less than 2 minutes. If there is a question whether a dog should run the 300- or 600-yard course, the judge will decide.

COLLAR/PARAPHERNALIA

Dogs may wear any collar except a choker collar, a collar with prongs, or an electronic training collar. The collar should be snug to minimize the chances of getting hung on something during the run. The event committee may, at its discretion, require removal of tags (or securing with tape) to ensure the dog’s safety. Owners may use clips or rubber bands to hold the dog’s hair. The owner assumes responsibility for the safety of the dog with regard to the dog’s collar and paraphernalia. Harnesses or head halters may be used on the grounds but must not be worn while running the course.

TITLES

Coursing Ability (CA) – Awarded to a dog that passes the Coursing Ability Test three times under at least two different judges.

Coursing Ability Advanced (CAA) – Dog passes the Coursing Ability Test a total of 10 times.

Coursing Ability Excellent (CAX) – Dog passes the Coursing Ability Test a total of 25 times. A numbered title will be awarded for every additional 25 passes.
