

# SHELL SCHEME INFORMATION

QUAD FRONTAGE

Fullcircle

# Shell Scheme Specifications: Quad Frontage

## Shell Dimensions

## Modular 3mm Pre-made Panel Dimensions

NB: This is only an example stand for dimension purposes only.

Size and number of open sides will vary depending on your stand booking.

# SHELL SCHEME FREQUENTLY ASKED QUESTIONS

## How much weight can each panel hold?

This depends on a number of factors such as the numbers of stands on your block, the amount of weight and the distribution of the weight. If you are planning to attach any items on the wall panels please email us a diagram to show where the items are going to be positioned, the weight and how you are attaching the items so we can advise you if this is possible.

## How do I order graphics?

You can place your order for graphics with our Exhibitor Enhancement Hub. Please email us with your stand number and the event you are attending and advise the type of graphic that you are looking for so we can provide you with a quotation. For advice on enhancing your stand please contact: [EEHub@fullcircleeventsltd.co.uk](mailto:EEHub@fullcircleeventsltd.co.uk)

## How do I attach posters?

Please refer to our Do's and Don't s information sheet. You can attach your posters using double sided velcro, mounting strips, sellotape, sticky tabs or blue-tack however you **must** use masking tape on our panels as a first fix and then stick your chosen method of fixing to the masking tape and not the panel.

## What material is the stand made out of?

The stand is constructed out of Foamex Panels and an aluminium framework. The aluminium is powder coated white to match the wall panels

## Can I drill into the panel?

Drilling into the panels is not permitted as it causes damage to the panels. You cannot pin or use staples on the stand. If you do this you will be charged after the show for damaged panels.

The Modular foamex panel can be replaced with a painted MDF Panel if ordered before the show to enable any screw fixings / brackets etc.

# SHELL SCHEME DO'S & DON'TS

## DO

follow our two step process

Step 1) use masking tape on our panels as a first fix.

MASKING  
TAPE

Step 2) stick your chosen adhesive to the masking tape.

MOUNTING  
STRIPS

SELLOTAPE  
& DOUBLE SIDED

STICKY  
TABS

BLU-TACK

VELCRO

By doing this it protects the panel against any unnecessary damage and reduces the risk of incurring extra costs. **Please ensure you stick to the masking tape and not the panel**

NB: **DO NOT** use these items on the metal work

## DON'T

use the following items on either the panels or the metal framework

NAILS

STAPLES

SCREWS

PAINTS

PINS

GLUE

To avoid any additional charges, please follow the guidelines listed above. If you have applied your own graphics or instructed an external contractor to supply and fit, please ensure that you arrange for removal and disposal of these items at the end of the Event.

Please be aware that this is a semi-permanent system that has been used to create your stand that can only withstand a limited amount of pressure. **NO HEAVY OBJECTS** are to be hung from the system. Any heavy objects mounted or fixed may affect the stability of the stand or block. Please be aware you cannot lean / move / readjust any part of our system as this may cause collapse. If you have any questions please email [exhibit@fullcircleeventsltd.co.uk](mailto:exhibit@fullcircleeventsltd.co.uk) and we will respond to your query.
