

We moved into our first home together!

*The only photo we have from move-in day: Nala investigating the shower*

Taya started acting classes! She also learned to sew.

*Her first dress she made, worn at a Transformers event*

Taya surprised Liam with a trip to the Oregon Renfaire, so it was time to travel up there! His niece, Tara, had already grown about 6 inches since the last time we saw her :')

*"Aunt Taya" showed up with the magic tricks!*

*From right to left: the goblin, the party city wizard, and the 'i swung by goodwill on the way here' hobbit -*

After a few days in Oregon, we hit the ground running in LA.

Invasion Premiere*

*Liam + new coworkers!*

Liam was an extra for a TV show. He was selected by and worked with Tim Russ (the main reason Liam agreed to the role in the first place). :)

*Liam living his Star Trek dreams*

Taya surprised Doyle (her dad) with the Indiana Jones Premiere.

*Post-Premiere espresso martinis. Cheers to fortune and glory!*

Liam attended on behalf of Disney Parks. He filmed the original Indiana Jones and Marion actors from the Disney World Indiana Jones Stunt show.

*His “coworkers” that night consisted of Steven Spielberg, Gabriel Iglesias, Ke Huy Quan, and Harrison Ford.*

Taya took a necessary trip to Disneyland with Doyle.

*Leave it to Doyle  
to find the hats*

*Chewbacca hugs =  
best hugs*

*new shades*

Taya went on her annual College World Series family trip.

*dear reader: i can explain my shirt i swear -taya*

When Taya got back home, she had a surprise for Liam...

Meet: Monkey :)

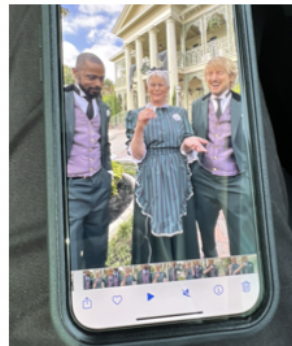

*She quickly earned the names 'goblin' and 'shit paws' (and yes, you're correct in interpreting that as her running around with shit on her paws.)*

Liam worked on Indiana Jones and Haunted Mansion for Disney Parks' social media.

*He led the project for  
Indiana Jones at Disneyland*

*Working with Jamie Lee Curtis  
LaKeith Stanfield, & Owen Wilson*
