

Block Lotto

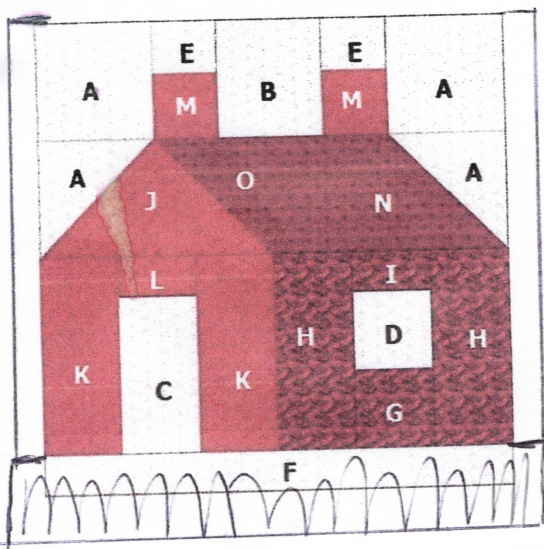

2012 June block

Posted by [Christa Burr](#) on June 2, 2012 in [block lotto community](#) | [3 comments](#)

Sophie asked me to share my notes on the little red schoolhouses pattern. I had posted them on my blog

<http://christa-feelingblessed.blogspot.com>.

Happy to do so. Here it is:

*add sky to sides
2" x 9 1/2"*

*additional sites:
wombat Quilts
10.5" Paper Pieced Block!
FIND 5" BLOCK + copy @ 200%
FIND 9" BLOCK + ADD Background
USE GRAPH PAPER & DESIGN YOUR OWN.*

Re-written cutting directions to make "Little Red School Houses" found [here](#). (I think it is a BOM project by AzPatch)

Cut from white-on-white print --- cut a strip 2 3/4" wide
four 2 3/4" x 2 3/4" squares = A

one 2 3/4" x 2 1/2" rectangle = B

--- cut rest of strip down to 2" BUT... (* since 1 1/2 and 1 1/4 make 2 3/4 you could cut the last 3 at this point)

one 2" x 3 1/2" rectangle, = C

one 2" x 2" square = D

--- cut rest of strip down to 1 1/2"

two 1 1/2" x 1 3/4" rectangles = E (*)

--- cut rest of strip down to 1 1/4"

one 1 1/4" x 9 1/2" rectangle = F (*) — *Increase to 3" x 10 1/2"*

I found it helpful to know which red fabric was used for what part of the house.

From red print one (window side) cut —

one 2" x 2" square = G

two 2" x 4 1/4" rectangles and = H

one 2" x 1 1/4" rectangle = I

From red print two (door side and chimneys) cut —

one 2 3/4" x 5" rectangle = J

two 2" x 4 1/4" rectangles = K

one 2" x 1 1/4" rectangle = L

two 1 3/4" x 1 3/4" squares = M

From red print three (roof) cut —

one 2 3/4" x 5" rectangle = N

one 2 3/4" x 2 3/4" square = O

square up to 10 1/2"

I hope this is helpful to some other beginner like me!!!
