**I. Mission** The mission of Wildcats Cheer Inc. is to empower youth through cheerleading, teamwork, and community engagement. Our program provides young athletes with opportunities to develop leadership skills, discipline, and confidence while fostering a strong sense of belonging. Through competitive and recreational cheerleading programs, we focus on skill development, character building, and academic support. As we expand, we strive to increase our outreach, providing scholarships for underprivileged athletes, and continuously work to enhance our training programs to inspire the next generation of leaders.

---

**II. Organization Description** Founded in 2024, Wildcats Cheer Inc. currently serves 50-70 athletes annually and is looking to expand. We provide structured training, competitive opportunities, and community service initiatives while fostering a love for cheerleading through high-quality instruction and a strong emphasis on sportsmanship.

We are committed to keeping costs manageable for athletes and their families. However, the expenses associated with competitive cheerleading—such as uniforms, travel, and training—can create financial barriers for many young athletes. Our goal is to eliminate these obstacles, ensuring that all passionate and dedicated athletes, regardless of their economic background, have the opportunity to participate, compete, and thrive in cheerleading.
