I AM A REPUBLICAN WOMAN

I BELIEVE the strength of our nation lies with the individual and that each person's dignity, freedom, ability and responsibility must be honored.

I BELIEVE in equal rights, equal justice, an equal opportunity for all, regardless of race, creed, age, sex, national origin or disability.

I BELIEVE that free enterprise and encouraging individual initiative have brought this nation opportunity, economic growth and prosperity.

I BELIEVE government must practice fiscal responsibility and allow individuals to keep more of the money they earn.

I BELIEVE the most effective, responsible, and responsive government is government closest to the people.

I BELIEVE Americans must retain the principles that have made us strong while developing new and innovative ideas to meet the challenges of changing times.

FINALLY, I BELIEVE the Republican Party is the best vehicle for translating these ideas into positive and successful principles of government.

Who We Are

Republican women are recognized as the *Heart of the Party*. We are key to successful fundraising, as well as advocating for and recruiting local, state, and national Republican candidates; especially women!

Active political leaders provide us with insight into how government functions and how we can help them achieve Republican platform goals.

We proactively contribute to and work with Republican candidates. We invite candidates to speak with us and to answer our questions so that our members stay fully informed.
