

**2023-2024 Supply List for Elementary Students at The Haven Academy & Canton
Homeschool Resources**

We will have school supplies available for students, but many students want their own for school and at home use. These are optional for school use but may be needed for students who work at home:

Crayons
Markers
Pencils
Safety Scissors (such as Fiskar brand)
Ruler
Glue
Glue Stick
Pencil box

All students must have a backpack, a notebook or folder, and a water bottle. Please label everything with the student's name. We have a drinking fountain at the school for students to refill their personal water bottles. Students may also want a lunchbox to bring a snack and lunch in. We will have vending machines for snacks as well as a refrigerator and microwaves that all students share.
