SmartCare Facility

07/29/2014

Onsite:

- small full service hospital
- full suit of rehabilitation services
- smart rooms and kitchens to accommodate all residents' health needs without the feel as of a care facility
- healthcare providers (providers and family would qualify for free onsite housing)
- fully sustainable robot operated gardens (indoor and outdoor)
- art and music spaces (indoor and outdoor)
- spaces for children and elderly to hang out together
- community groups for business and hobbies
- variety of animals
