I want to state categorically IHART is not controlled by NTM. We are an independent group of investigators that NTM has contracted with to conduct the investigations. As I stated up front, formal communication will be at a minimum during the investigations as there is not much that can be reported. I will state again if you have any questions you can send me an e-mail or call me and I will be glad to talk with you. As to the statement about a web site, IHART is working on it. NTM does not censor any communication sent out by IHART.
