CHILD SEXUAL AND PHYSICAL
ABUSE AT NEW TRIBES MISSIONS
SCHOOL FOR MISSIONARIES'
CHILDREN

In light of the recent reports and findings of child sexual and physical abuse at the NEW TRIBES MISSION school for missionaries' children in Fanda, Senegal, we, the undersigned, submit this petition to

the Executive and Child Protection Committees of New Tribes Mission.

The purpose of this petition is twofold:

- 1) to insist that New Tribes Mission (hereafter referred to as NTM) employ an outside agency to conduct the investigations of further child sexual and physical abuse allegations at NTM schools, training facilities or other entities under the auspices of NTM, and
- 2) to raise awareness regarding the ongoing child sexual and physical abuse and cover-up within NTM and provide outside accountability in dealing with these investigations.
