

DAC 3000.3 FVZ / DAC 3000.4 VAC-P

Hauschild Engineering pioneered dual asymmetric centrifugal technology 50 years ago. Since then, Hauschild SpeedMixer® bladeless lab mixers have become a staple in R&D labs and production facilities around the world. Other companies manufacture or distribute bladeless mixers, but nothing compares to the quality, accuracy and reliability of a Hauschild SpeedMixer®. It's an investment that pays off at every turn.
