

Wednesday and Saturday Moving Water Casting Classes

Developing good casting skills improves your fishing experience, builds your casting confidence and progresses your casting towards more advanced skill levels.

This summer we are offering a series of classes to expand and improve your ability to fish in ***Moving Water***. Topics include: how to make various casts and mends, adapt to windy conditions, cast for greater distances and cast for better accuracy. All our clinics include attention on improving your loops and the presentation of the fly. Be sure to visit the [4th Corner Fly Fishers](#) website.

This class is for those who have fished moving water at least 10 times and are familiar with the **Pick Up Lay Down** cast , false casting and the roll cast.

The ***Moving Water*** series begins on Wednesday evenings and topics will repeat on the following Saturday morning.

Please come early to rig your rod and warm up so class can start on time.

Wednesdays - 6:00-8:00 pm
July 16, 23, 30; August 6

Saturdays - 9:00 am-11:00 am
July 19, 26: August 2, 9

Club Members can look for a Zeffy sign-up in your email inbox. Folks from the public are welcome as well. Contact one of our casting instructors to sign up.

Each session is limited to 10 Casters
Sessions are free for 4CFF members/candidates
Non-members \$10 for each session attended.
