## FISHING AND CAMPING SEASON IS BACK!!

Welcome back everyone!! Fishing, camping, campfires, and good times with family and friends are ahead!

Entertainment has a list of events scheduled and all are sure to be fun!! We kick off the season in May with a Bass Tournament! We will continue to communicate the events on our monthly email and Facebook page. All events are open to members to bring family and friends.

We have an updated gate lock for the main gate this year! This new lock has a keypad with backlit numbers for easy nighttime operation. The new lock is also Bluetooth enabled. The north end gate will remain on a combination lock.

Exciting news, we will soon have a kayak launch! The plan is to be placed near the main boat dock on the north end of the main lake.

Watch for upcoming work party announcements for needed help. We plan to update docks with railings and lights along with stair repair. Watch for upcoming work party announcements for needed help.

Please become familiar with the location and operation of the storm shelters. Have a plan in the event of strong storms. The handle is always in the lock position (up). To open, move the lever down to the left. Once inside, move the lever to the lock position and place the additional metal bar to fully secure the door.

Here's how to win \$500!!! We will give away 50% of the total ticket sales up to \$500 in our renewal fundraiser. Participating allows us to continue to invest in campground improvements along with funding the awesome fireworks show. Ticket sales will be open until the April membership meeting and will be drawn that night. Good luck everyone!!

Reminder the clubhouse is available for rentals. Contact Tim Falkenberry at 309.258-1010 for open dates. Reminder to members, the clubhouse is off limits when rented.

Please review the club and camping rules on the reverse to refresh the do's and don'ts. A few important reminders –

) Speed limit is 10 mph.

2) Never share gate code. Gates stay closed and always locked. Exceptions are meeting nights, work parties or events.

HAVE A SAFE FISHING AND CAMPING SEASON!
