FISHING AND CAMPING SEASON IS BACK!!

Welcome back everyone!! Lots of fishing, camping, campfires, and good times with family and friends are back!

Entertainment has a list of events scheduled and all are sure to be fun!! We kick off the season in May with a Bass Tournament! Watch for upcoming dates for additional events like a kids fishing derby and a tug of war with the Hanna City Sportsmen's Club! We will communicate in our monthly email and facebook page. All events are open to members to bring family and friends.

Please become familiar with the location and operation of the storm shelters. Have a plan in the event of strong storms. The handle is always in the lock position (up). To open, move the lever down to the left. Once inside, move the lever to the lock position and place additional metal bar to fully secure the door.

Here's how to win \$500!!! We will give away 50% of the total up to \$500 in our renewal fundraiser. Participating allows us to continue to invest in campground improvements. Ticket sales will be open up to the April membership meeting and will be drawn that night. If you missed out when sending in your renewal, feel free to purchase an entry at a upcoming meeting or event or mail a check for however many entries you desire @ \$10 per entry. Good luck everyone!!

Reminder the clubhouse is available for rentals. If you or a family member has a special event, contact Frank Stetler Jr at 309.678.9307 for open dates. Reminder to members, clubhouse is off limits when rented.

Please review the club and camping rules on back to refresh on do's and don'ts. A few important reminders - 1) Please drive extra slow around the clubhouse and anywhere where campers are present. This is strictly enforced for the safety of our children. 2) Gates stay closed and locked at all times. Exceptions are meeting nights, work parties or events. Never share gate code! 3) Carry your membership card for proof of membership.

Communication outside of membership meeting is primarily through email and Facebook. Send any updates to myfscmembership.com.

HAVE A SAFE FISHING AND CAMPING SEASON!
