

## The Sandy Hook Obvious 90-Day Death Penalty Law

This is serious business.

This proposal has had many titles over the years. However, this is the most fitting and demanding of proper action.

This is the first of the public's revenge action against the Judicial Legal Complex. Prudent and practical revision of the failed unanimous jury conviction rules will soon follow!

We the People, do Demand that the Death Penalty (DP) administered via pill or lethal injection be brought into use. The People's justice will be applied to several different free-will crimes. Free-will status will still be applied in cases whether or not an insanity plea was approved or not.

It will probably be rudely nicknamed "one and done".

The first Death Penalty Crime (DPC) is **murder**. While the mass-murder at Sandy Hook Elementary School is spiritual name for this new law, it applies to all types and forms of taking one or more lives.

A recent national statistic is that on average some 44 people are murdered every day! The lowest body count is six (6) and the highest is ninety (90) on a single day. Incredible.

I personally believe that this DPC law should be applied retro-actively to some extent. That will be a very public discussion.

Finally, we will need to begin consolidating and working on shutting down all Maximum-Security Prisons (MSP). The existence of such facilities is a left-over from a well-intended Liberal legislation. Thankfully, bad legislation is correctable. More on that later!!

Second, is **pre-meditated rape** – not to include date rape. That often descends into he-said/she-said idiocy.

An odd, yet practical related policy, Prostitution will be nationally legalized. Details at [CommonSense2nd.com](http://CommonSense2nd.com).

And third, **pedophiles**. More often than not when I was reviewing the DP Law with anyone for the first time, I only talked about murder and rape. Then I waited. And, they would often volunteer that I add pedophiles to the list. Men and women were vehement about it. That is when I was certain that the public supported this aggressive approach. So, there it is.

Society, Demands JUSTICE.

We, have had enough LAW.

We, Demand PUNISHMENT and ORDER!

A Humble Request Most Respectfully Given

First, you can be thankful that you did not need to write this!

This is most sensitive and presented with all due respect.

But, as Thomas Paine wrote, “He who dares not offend, cannot be honest”.

That said, starting with this note, I will begin my public request to Vatican and his holiness Pope Francis.

Again, with all due respect to his holiness I would ask that the Pope Francis consider reversing the decision made by a Pope back in about the 1300’s. That Pope decreed that priests could no longer have families and had to be celibate. From the beginning of the church 2,000 years ago, priests had married simply following the model of the Jewish faith. Some of the Popes were the sons of earlier Popes.

It is said that Pope disapproved of local priests across Europe were giving their children land that had been donated to the church. Thus, he decided to put an end to it. And although it was unintended, we all know how that turned out in churches all over the world. Abuse by certain priests became all too common and the church hierarchy protected the violators for too many years. And then it all came out. The irony of this sad tale, is that the church in order to settle some of the law suits – had to sell some of its land holdings. God has a sense of humor!

Food for thought. Again, with all due respect.

To continue.
