

PAWSITIVELY PARADISE

HOME & PET CARE

Home & Pet Care with Total Transparency

Thank you for trusting me with your home and furry family members! I am committed to providing the highest level of care through 100% transparency while on your property.

Why I Use a Body Camera

To ensure your home is protected and my work is documented, I wear a body camera during every service visit. This allows me to:

- Provide an "eyes-on-site" record of your property's condition.
- Document exactly what care was provided to your pets.
- Protect both you and my business from misunderstandings or false accusations.

How to Request Your Footage

I believe you should have access to the work I do for you. Follow these simple steps to review a visit:

- **Send a Request:** Text or email [402-639-3373](tel:402-639-3373) or megan@pawsitivelyparadiseshomeandpetcare.com.
- **Specify the Date:** Let me know which visit or specific time you are interested in reviewing.
- **Delivery:** I will send a secure link via a cloud service (Google Drive/Dropbox) to view or download.

90-Day Retention & Privacy

Footage is stored on a secure, password-protected drive and is automatically deleted after 90 days. Your trust is my top priority; footage is **never** shared with third parties, used for marketing, or posted on social media.

Important Note: If you need footage for a specific reason (like an insurance claim after a storm), please request it before the 90-day window expires!

Questions? I'm always here to chat. Feel free to reach out anytime!
