**SMOKY MOUNTAIN
PRIMARY CARE CONFERENCE
SATURDAY, APRIL 27, 2024**

At the conclusion of this educational activity, participants should be able to:

- Describe the advances in managing patients who need anticoagulants.

- Discuss current treatment strategies for patients diagnosed with chronic lung diseases including chronic obstructive pulmonary disease.

- Examine patient management strategies in diagnosing and treating patients with urinary incontinence.

- Identify actions the primary care provider can take for a behavioral health diagnosis while waiting for a referral.

- Review updates on treatments for diabetes and weight loss management.
