Results:

- A. If you answered mostly “a”, you have a lot in common with David. He loves the spring because of baseball, likes cocoa from scratch, and hates everything to do with marshmallows – well everything except for Snowmallows and Lemonhaw!
- B. If you answered mostly “b”, Jon could be your best friend, too. He loves the summer when he can watch and listen to the birds in the trees. He enjoys spending time with people he loves and isn’t worried about a messy room or marshmallows – except when they get him into trouble.
- C. If you answered mostly “c”, Grandpa is the character for you. He’s a fan of winter weather, loves cocoa from scratch, enjoys collecting things to use in experiments, and likes marshmallows – after all, they helped him meet his wife.
- D. If you answered mostly “d”, you would get along well with Emily. She likes the fall season because of the pretty leaf colors, although she’s not a big fan of having them all over the ground! She loves taking care of her pet cat, Snowball, and likes plenty of marshmallows – especially when she hasn’t had any breakfast.
- E. If you answered mostly “e”, you and Snowball think alike. He likes a good nap in a box, a bag, or a bed. He loves his owner but doesn’t understand her interest in eating marshmallows – give him a tasty birdy any day.
