

Friends of Rossmoor | 3272 Shakespeare Dr, Los Alamitos, CA 90720

Dear Business Owner,

Friends of Rossmoor's annual fundraiser, KnightLife, will take place on Saturday, May 4, 2024. This is our largest fundraising event of the year and includes dinner, music, and both a silent and live auction. We would be incredibly grateful if you would donate items (gift cards, tickets, services, experiences, etc.) that we can feature in one of our auctions. Friends of Rossmoor relies on the generous donations of business owners like you so that we can continue and grow our school's STEM (Science, Technology, Engineering, and Mathematics) Program.

Please mail your donation, with the attached donation form, to the address above or e-mail it to rossmoorknightlife@gmail.com. We ask that all donations be received by April 17, 2024, so we may best present your donation to attendees and acknowledge your generosity in our auction catalog. All donations are tax-deductible as allowed by law (FOR Tax ID #33-0559758). We invite you to join our wonderful community of supporters.

Event sponsorships and underwriting opportunities are also available and included in our donation forms. Please contact us with any questions you may have at Rossmoorknightlife@gmail.com, friendsofrossmoor@gmail.com, or feel free to call our dedicated parent volunteer and FOR President, Kerran Lakin at 562-755-4963. Visit our website friendsofrossmoor.org for more information.

The STEM Program at Rossmoor Elementary School, including the teacher's salary, lab supplies, and all activities, is independently funded by Friends of Rossmoor -- and we need your support to fund the 2024-25 school year! As a parent-founded and strictly volunteer-operated, 501(c)(3) non-profit organization working side-by-side with families, staff, teachers, and businesses, Friends of Rossmoor (FOR) is proud to fund the STEM Program that enriches the academic foundation for all our students in grades TK-5. It takes strong community support to take a great school to the next level, which is why we need your help so that we can continue providing this vital program for our students!

STEM education is uniquely suited to prepare students for success

STEM education is now essential for our young students. STEM education teaches critical thinking and innovation, provides unique opportunities for teamwork, helps students develop problem-solving skills, fosters creativity, builds resilience, encourages experimentation, and teaches skills students can apply to the real world in a multitude of ways.

Thank you for your consideration!

Sincerely,

Friends of Rossmoor Board
