

Friends of Rossmoor | 3272 Shakespeare Dr, Los Alamitos, CA 90720

We need your help to enrich our children's education.

The STEM Program at Rossmoor Elementary School, including the teacher's salary, lab supplies, and all activities, is independently funded by Friends of Rossmoor -- and we need your support to fund the 2024-25 school year! As a parent-founded and strictly volunteer-operated, 501(c)(3) non-profit organization working side-by-side with families, staff, teachers, and businesses, Friends of Rossmoor (FOR) is proud to fund the STEM Program that enriches the academic foundation for all our students in grades TK-5. It takes strong community support to take a great school to the next level, which is why we need your help so that we can continue providing this vital program for our students!

STEM education is uniquely suited to prepare students for success

Science, Technology, Engineering, and Math (STEM) education is now essential for our young students. STEM education teaches critical thinking and innovation, provides unique opportunities for teamwork, helps students develop problem-solving skills, fosters creativity, builds resilience, encourages experimentation, and teaches skills students can apply to the real world in a multitude of ways.

Friends of Rossmoor greatly welcome and sincerely appreciate your support in enhancing STEM education at Rossmoor. All donations are tax-deductible as allowed by law (FOR Tax ID #33-0559758). We invite you to join our wonderful community of supporters. Please do not hesitate to reach out if you have any questions or would like additional information. Contact us at friendsofrossmoor@gmail.com or feel free to call our dedicated parent volunteer and FOR President, Kerran Lakin, at 562-755-4963. Visit our website here: friendsofrossmoor.org

Thank you for your consideration!

*Sincerely,
Friends of Rossmoor Board*
