What is Energy Healing?

Healing energy treats the whole person including body, emotions, mind, and spirit. The benefits include relaxation, feelings of peace, security, and well-being. Energy Healing is a natural and safe method of spiritual healing and self-improvement that everyone can use and benefit from.

Energy Work is NOT a replacement for medical treatment!

Consent:

My Energy Healing or Teaching services do not diagnose or prescribe for disease conditions. All clients/students are encouraged to seek competent medical help when those services are deemed necessary. The client accepts total responsibility for his/her own health care and maintenance. Nothing said, typed, printed, or produced by me is intended or meant to diagnose, prescribe, treat a disease, or take the place of a licensed physician.

I understand that the healing sessions given involve a natural method of energy balancing for the purpose of stress reduction, relaxation, and spiritual healing. I also understand that healing is not always easy and I may experience some discomfort on an emotional, physical and sometimes even spiritual level after my session. An energy worker will not interfere with the treatment of a licensed medical professional. I also understand that it is not massage therapy. It is recommended that I see a licensed physician or licensed health care professional for any physical or psychological ailment I have. By signing below, I acknowledge and fully agree with the above information.

Fees charged are for my time and the intuitive work/messages received and given.
