## Did someone say FREE Neutering / Spaying?

Yes, they did! If you are feeding feral or stray cats or have outdoor cats of your own, Animal Rescue Connections will provide FREE spay or neuter services while the funds last! Cats provide valuable benefits such as keeping snakes and rodents out of the yard, but their population can easily get out of hand. Do your part by having them spayed or neutered to control the population.

For information, call Animal Rescue Connections at 210-474-0083.

**Animal Rescue Connections**

PO Box 239  
Bulverde, TX 78163

Are you feeding outdoor cats? Are your unfixed cats allowed outdoors? We will arrange to get them fixed free of charge. Offer available while funds last.

## Severe drought conditions with no relief in sight

A simple spark in the current dry conditions can result in an uncontrollable brush fire that threatens the lives of both people and animals. There have been many fires over the recent weeks and the loss has been massive. We are seeing levels of drought not seen this time of year in the past 128 years.

Here are some tips to help you do your part to prevent fires:

- Heed the burn ban – do not have open fires!
- Reduce brush, trees and other flammable materials away from your home.
- Keep vehicles off dry grass. Exhaust systems can heat up to 1,000 degrees and ignite adjacent grasses and shrubs.
- Notify PEC when dead trees or overhanging limbs endanger the electrical lines.
