"The Beat of Your Drum: Celebrating Diversity & Learning Rhythm!"

March is all about celebrating the diversity of our students. Each and every one of them is special to us and we want them to know just how important they are! Since we're talking about marching to the beat of our own drum, we're also focusing on rhythm & musicality. Your dancer will be counting, learning math skills, pattern identification, sequencing & how to find the beat. "5678!"
