

MANY NEW RECORDS IN OUR FIFTH NEW PROGRAM SEASON

- We held the most completed races this year with 11 over 8 days...last year we only completed 7
- We had 25 individual boats/members participate...down by just one boat over last year
- We had more racers qualify for standings (minimum 7 races in 2019) this year than ever before with 16 (and 36 vs. 37 boats in 2018 registered to race)...2018 = 13 qualified and 2017=9 qualified. **Headline: More active participation from the same number of boats.** *The 2 race days are helping by allowing more people to get in the minimum number of required races.*
- We did not lose any marks this year! (one got dragged out of position but was recovered intact)
- We raced on a total of 7 different courses...out of a possible 16
- The Sailbot was a strong success and points to our growing ability to run a race with one qualified individual.
- Eleven individual volunteers participated on every Committee boat assisting Christian Lynch. *We will continue to rotate this duty until everyone who is racing has had the experience of assisting in running a race. **Special thanks to Joe Ballow for stepping in on the last race as Committee Boat when we changed days, which was also a first this year.***
- We had crash boat volunteer coverage for every race provided by 7 individuals...three who don't even race...Mal & Steve Bornmeier, Joe Saliba & Alan Estabrook.
- We had NO emergencies or significant incidents
- **Three new members placed in their first season (out of six places) so there are three new sheriffs in town for sure.**

Large Fleet Winners

1. Bill & Maura Terrell
2. Rob Muller
3. Tony Roth

Small Fleet Winners

1. Jill Klein
2. John Laurino
3. Paul Derosiers
