Congratulations to everyone who made this summer slightly better than just sheltering-in-place. Special thanks to Dave Quincy for jumping in at the last minute twice to provide crash-boat coverage and for this year's award photographs (taken on two separate days). Also, Bravo Zulo to Christian Lynch and Kat Grunes…particularly for their exemplary response to the one capsize we had this summer.

Over the past 6 years of the current program a total of 884 boats entered a total of 53 races completed.
